

As a candidate for Hamilton County School Board, I pledge the following to the citizens of District 2:

I promise to complete the four-year term of office on the School Board unless I am prevented from doing so by legal disability; death or serious illness of myself or a member of my immediate family; or other major emergency that renders me unable to continue serving in elected office.

I specifically promise, if elected to the District 2 School Board seat on August 7, 2008, not to seek any other elected or appointed political office prior to the 2012 election cycle, when the term for which I am now running expires. At that time I may choose to run for re-election to the same office, or pursue a different office, or choose not to run at all.

This pledge will take effect upon being signed by both candidates seeking the office.

D. C. "Chip" Baker
