10					

Procedure: 1st 5 players attempt alternating penalty shots. The team with the greater surplus at the end of 5 penalty shots shall be declared the winner. If the teams are tied at the end of 5 penalty shots shooters 6 - 10 will attempt alternating penalty shots on a paired basis. The shootout ends when one team scores and one team misses. The team that scores shall be declared the winner. If the teams are still tied after 10 attempts, the "sudden death" penalty shots continue starting with shooter #1 and continuing until the tie is broken.

SCOREKEEPERS: Mark an X in the box if the shooter scores
A -- if the shooter misses.
