This may include low resolution posting on a website. The exhibition assumes no liability for any misuse of copyright. Images may be altered, either electronically or otherwise, by the artist and artwork or computer graphics created by the entrant may be incorporated if the photographic content predominates. All final work must be on photographic film, or on photographic or electronic print material, mounting excepted. For the Electronic division, see the conditions listed below.

5. This exhibition is open to anyone; however an entry may be rejected when the sponsoring organization or its agent, in its reasonable discretion, believes the entry does not conform to exhibition rules and conditions.

9. Package your entry well. No responsibility is assumed for the loss or damage of slides and/or cards during the exhibition, or in transit. Place your name and address on the back of each slide or card.

10. Entries will be forwarded to other exhibitions at the request of the entrant, if accompanied with filled-out labels.

11. All accepted slides and cards will be duly credited to entrants in the catalog. All entrants will receive one catalog, which will list all slide, card, and electronic acceptances.

12. Names of entrants with any acceptances will be submitted to the PSA for Star, Who's Who and Stereo Photo of the Year listings.

ELECTRONIC CONDITIONS

Note: There are two divisions for electronic entries: standard and creative. Standard is defined as photography in the traditional sense: images that represent reality. Creative allows for any kind of distorted, manipulated, imaginary, artificially-generated imagery. This is your opportunity to stretch the envelope of stereophotography using any method or technique you can think of.

These instructions deal with the technical requirements of electronic files for submission of stereo images to the Exhibition by using e-mail attachments. These instructions are not meant to substitute any other regulations and requirements which are common to all stereo images. Any stereo image which is otherwise acceptable in a PSA stereo exhibition is acceptable for this division. Up to 4 different stereo electronic images may be submitted. Each stereo image will consist of one jpeg image file: The height will be 800pixels high, and the width will be an even number less than or equal to 2560 pixels, with the left image on the left, the right image on the right. The selectors will view the images using two matched digital projectors with polarizing lenses. Standard polarizing glasses will be used. If your image has a height less than 800 pixels when it is sized to 2560 pixels wide, that is acceptable provided that black space is included to make the total height 800 pixels. Each stereo image must be saved as an individual computer file with a .jpg extension. The size of each file should be no greater than 1.5MB, depending on the quality of the JPEG compression and other factors. Please remember that large files take longer to download. Entrants can download jpeg files with the correct size from <http://home.comcast.net/~52ndSTEREO/SampleEntryOCC.html> No identifying information should be embedded or otherwise included within or next to the attached files. Use the following guideline for generating the file name. The first character will be "E" or "C", depending on the division: "E" for electronic, "C" for Electronic Creative. The second character will be 1, 2, 3, or 4, depending on the number of the entered image pair. The remaining characters of the file name will be the title of the entry, or an abbreviation. Send up to 4 entries per division entered as an attachment to e-mail. In addition to the attached JPEG files, the body of the e-mail should include the following information:

1. The name of artist.
2. The title of each of the submitted images with their corresponding numbers.
3. Contact information for the artist: E-mail address, real address and phone number.
4. Reference to the method of payment and the date the payment was sent, with check number, etc.
5. The subject line of the e-mail should contain the name of the entrant and the name of the exhibition, for example: Subject: Your Name Here, Oakland International Stereo Exhibition.
