Offices held by applicant		Current Position
Sunday School attendance?	Family Responsibilities?	Soul Winner?
Does He/She attend faithfully?	Does He/She contribute financially to the work of the church?	Is His/Her Salvation profession scriptural?
Smoker?	Drinker?	Comments

Pastor,

It is our desire that we have faithful soul-winners who love the Word of God, are faithful to the services and uphold the teachings of the church. They are a solid family member, both spiritually and worldly, and have (if so) Godly children. If you cannot in all good conscience and before God state so in this brief questionnaire, leave those areas blank or state what you know. You will not be returning this to the applicant so they will never see your answers short of eternity. As a rider from pre-salvation days, I am well aware of the pull and attraction that bikes have. The opportunity to fall into sin is almost without measure and this is our main purpose for attempting to protect and preserve those younger Christians from these pitfalls. It takes a dedicated, strong Christian to witness when the world refuses to hear. It will be doubly hard to witness to a fellow rider, especially if we do not separate ourselves in some fashion from their lifestyle while maintaining the love for riding and passion for the wind in our faces. The degradation that takes place at Sturgis and other biker rallies are something we will attempt to protect ourselves from and yet also try to provide a place of hope and outreach to those who find themselves caught in this life of lies and pain. Please help us by being honest. Pray about your answers and may God give you grace during this time.
