

"Gathering Spirit Guides on your Soul Path" Workshop

First we'll **discuss how to find our soul path** -- our true nature and destiny -- and how to shine our light in the right places, rather than living in the shadow of someone else's expectations.

Then we'll **explore who our spirit guides are** and how they help us on our Soul Path.

Then we'll **make our own spirit guide shrines** -- to celebrate how they empower us on our Soul Path.
