

# Newsletter - September 2009

## Addendum

**The next BAA Meeting will be Tuesday, September 1, 2009**

6:30 PM for socializing Meeting starts at 7:00 PM St. Andrew's Presbyterian Church  
3700 Baseline, Boulder

*Two items were inadvertently left out of the September Newsletter.  
My sincere apologies*

### Member News

#### Gwen Bowers

Is showing her work in two shows: The Salud Medical Center (220 E Rogers Rd, Longmont) is displaying some of her work (mostly of Guatemala). They will be showing for six months.

The old Firehouse Art gallery (667 4th Ave in Longmont) will be showing her landscapes together with two other artists, from September 11th through October 11th.

### September Demonstration

#### Pastels — Terry Ludwig

Pastelist *Terry Ludwig* has developed a comprehensive process for handcrafting an unprecedented array of exceptionally soft pastels. Frustrated by the lack of color options and choices for very soft pastels, Terry Ludwig began experimenting with formulating his own pastels in 1995. His goal was to create a vast array of color in pastels that were uniformly soft across all densities of hue. The result was the development of intense colors, in unique hues that are unavailable in other pastel lines.

These hand-crafted pastels contain a broad range of pigments and minimal natural binders, rendering highly concentrated, velvety pastels. The square shape delivers thick, broad strokes and thin, precise lines. Intense Darks, the hallmark of the line, features bright acidic greens, a broad range of intense reds, and eggplant purples that have been described as "the new black."

Individual pastels measure approximately  $1\frac{1}{2}'' \times \frac{1}{2}'' \times \frac{1}{2}''$  (38 mm  $\times$  13 mm  $\times$  13 mm). Because each pastel is hand-crafted, their size and shape may vary slightly.
