

Marin Council, BSA Philmont 2006

Pre-trek Dates

The following dates are set for the pre-treks for the 2006 Philmont contingent. Participants must attend at least two of the following treks to participate in the Philmont experience. We encourage you to attend all of the treks. This will maximize your conditioning, preparation and readiness for the August Philmont trek. Do not consider these treks as your sole form of physical conditioning for the Philmont trek. A supplemental physical conditioning program must be undertaken. Locations and dates may change prior to the pre-trek dates.
