

# Exploring Patterns: Making Oodles of Money!

You are a consultant, who needs to choose how you will be paid. Read the three payment plans, and analyze each plan. Decide which plan would be the best for you. Justify your answer with a table, a graph, or another visual display.

- \* **Plan A:** If you facilitate one day, you get \$1. If you facilitate two days, you get a total of \$2. If you facilitate three days, you get a total of \$4, and so on. The amount you will get will double each successive day.
- \* **Plan B:** You receive \$200 for each day you facilitate plus a \$15,000 signing bonus.
- \* **Plan C:** You are paid \$450 per day for facilitating. If you facilitate for two days you get \$900 and so on.
