WHAT YOU NEED TO DO AT HOME

- Throughout the year you will be tested on specific music that you will need to practice at home.

CONCERT DRESS

Boys: White, long sleeved button down shirt, black pants, black or brown belt, black socks, dressy all black or all brown shoes. Please avoid sneakers.

INSTRUMENT STORAGE IN THE BAND ROOM

- The band room has facilities for day storage of instruments. All privately owned instruments are to be taken home each night and brought back the next rehearsal day. All students are responsible to have a nametag on their instrument case. A luggage tag works well for this.

HOW YOUR GRADE IS DETERMINED

# Tests/ projects	50%
# Improvement during class	25%
# Quiz/daily assignments	25%
# Concert Performance	10 point reduction to the marking period grade if the student misses the concert.

EXPLANATION OF GRADE CATEGORIES

- 1. Tests/projects:** written, playing, or performance assessments.
- 2. Improvement during class:** This grade is based on how engaged you are in class, your effort to become a stronger musician, and your general band skills. This grade also rewards you for having a pencil (not a pen), your instrument, music, and other specified items on a daily basis.
- 3. Quiz/daily assignments:** written, playing, or performance assessments generally less in depth than a test.
- 4. Concert Performance:** Attendance and performance at the Winter Concert, and Spring Concert are required of members of the orchestra. Students who do not perform on the concert will have a 10-point grade reduction of their grade in the marking period that the concert occurs. Students are required to be able to play their music satisfactorily for the director prior to the concert.

ATTENDANCE

- You are expected to participate in all out of school and during school band activities. Failure to attend any of these activities may result in a lowering of your grade.

PRACTICING EXPECTATION

Its simple. The more you practice, the better you will be at playing your instrument. I want you to pick something to work on each day from your orchestra music, lesson book, other books you have, songs on the radio you want to figure out, or songs you make up yourself. There is no time minimum or limit to your daily practicing. I suggest that you do plan a regular time each day to start your practicing. I also suggest you select at least 5 days per week to practice. To really enjoy playing a musical instrument you must be successful on it. **To be successful at anything you have to work at it.** I want you to have fun playing your instrument and in orchestra class. Fun is directly proportional to the work you put in.
