February 14, 2006

To Whom It May Concern:

I have had the pleasure of working with Mary Sue and Cari for many years. Mary Sue and Cari provide some of the best children's music I have heard in my twenty-five years of hiring children's performers for the Children's Event Series at the Mamie Doud Eisenhower Public Library in Broomfield, Colorado.

Mary Sue and Cari have many great qualities as performers, however, I feel two of their most important qualities are their wonderful harmony and energy onstage. Their music, some of it original, may have a lesson in literacy, math, science or culture, but the children are unaware of these goals as they enjoy their songs. They have performed in our new auditorium which seats 300.

Mary Sue and Cari have recently performed for our Children's Events Series and also for our Children's Happy Noon Year Concert, this December 31. Mary Sue and Cari are professional and well prepared for their performances.

Sincerely,

Kathy Klatt
