Format Reminder – and a note to all who may have “broken the rules”!

-We DO NOT GIVE PUTTS! I have been informed that there are player(s) who have been observed **giving themselves putts --!!! WTF!!!** Our format – combines individual and team play – and one player cannot “ride” his partner for the 18 holes and expect to get a big payday. We play a team format (better ball net for example) – but each player posts a net score for the individual competition ! Just because your partner makes a net 2 does not mean that your 6 footer for a net four is GOOD!!

If there are any questions relating to format or rules always check with your opponents before you may do something stupid!

Cmon guys!!
