Pride of Ownership in our Golf Clubs

The Golf Committee has taken on a new initiative to try to build pride of ownership in our golf courses. You may have seen the short blurb on the golf page of this week's Glade Sun.

Too many times we find evidence that our own members are not properly repairing ball marks and divots and are not properly raking sand traps. This is especially evident when we are the first groups out on a given day and find unrepaired damage that was obviously done that day. WE did the damage and did not repair it.

WE own five GREAT golf course and WE need to take better care of them. Take it upon yourself to police your foursomes and try to instill more pride of ownership in OUR courses. WE should be proud of our facilities and make sure that they are taken care of.

Thanks,

The Fairfield Glade Golf Committee
