### EMPLOYMENT

Nangle Media  
Design

#### Digital Artist

Nangle Media Design is a marketing communications freelance business, and offers clients a wide range of digital art services. These services include: 3D animation; photorealistic 3D product images; creative concepts and writing; presentation graphics and design; on-site presentation support; print design and layout; prototype visualization; videography and special video effects; and video editing.

OmniSonics Medical  
Technologies, Inc.

#### Marketing Support Specialist

Responsible for: Website development; public relations; presentation preparation; product imagery & animations; product and procedure visualization (including proposed products and applications); tradeshow management; tradeshow graphics and displays.

Boston Scientific  
Corporation

#### Marketing Communications Assistant; Graphics & Multimedia Designer

Created artwork, design and layout on more than 100 print pieces: Nearly all of the product brochures, mailers, magazine ads, and backlit graphics for a \$120 million/year division. Involved in the creative process for more than 30 sales & marketing meetings and presentations. On-site PowerPoint artist for more than 100 large-scale presentations. Twice transitioned the Marketing Services department to a new corporate image campaign.

W.E. Andrews  
Printing Co., Inc.

#### Machine Operator

Managed crews of up to 8 people to bind and finish as many as 100,000 brochures per day.
