

*Behind the Camera*

Hi there, my name is D. Anthony B. or as some may know me, Dan Bo. I have been working at the craft of photography since 8th grade and am now a Sophomore in college in pursuit of a double major in Industrial Engineering and Photography (Two completely related Majors right?) While my majors may vary my mission won't: For every shoot, I set out looking to have fun, meet new people, challenge myself and most importantly come back with a image that truly shows the real You.

# Portraits

Whether you're looking for a shot of your Senior who's about to go off into the world. Or one last picture of your family before they head off to college we'll work to get the picture. While there are studios all over the place that can deliver you a nice posed cookie cutter shot we like to think, and get outside of the box. This is our specialty, Locational Photography, be it a park, garden or your home, we'll find a place. While studio portraits are great for somethings, it is my belief that you don't get a real feel for the subject there. And telling the human story is what I'm all about.

The Details: Engagement, Senior, Family and Other Portraits

All sessions start off with a \$130 Sitting fee. Why so High you may ask? Well that \$130 goes to pay for: Time spent at the shoot, The Hours of Post Processing/ Tweaking, Travel and More. Along with that we don't have time limits (Within Reason) and not extra Fee's or Print Purchase requirements. And If you take a look at the Print Prices You'll see this is really our main source of income, Compared to others with \$75 Sitting Fee's but \$45 8x10's and a \$150 Minimum Purchase. None the less if you have any questions or concerns about pricing or anything don't hesitate to mail or call at:
