## SHELTIE PLAY DAY

The Play Day for EESSC was a huge success - There were 40 + Shelties and puppies running around the field and just having a great time. The games were fun: try running with your Sheltie on leash, one hand holding a spoon with an EGG in it. Musical mats was a challenge for all participants. David Calderwood gave a demonstration of trimming the head - he did several Shelties and we all learned something. Charlotte Cline from McKenzie Cascade Dog Fanciers, (McDuff) gave an informative talk regarding "Common Poisons in and Around Your home", plus handed out some very informative literature regarding poisonous plants. Even though the day turned out to be rainy, and cloudy - It was great fun for all of us and our furry four footed friends. AND the potluck was delicious.

Thank you David and Sylvia  
for all the hard work of putting it together.
