

I feel I would make a good choice for League Operator because I know I will work hard and efficiently for the league and its members. I love this game and I love this league. My boyfriend and I recently opened an Automotive Repair business. My job is in the office. I am in charge of all the paperwork including billing, bill pay, scheduling in repair orders and collection for the few who do not remember to always be on time.

Being professional is part of my job. I take my job very seriously. But it is important to love what you do. I will say it again. I love this game. And I would be honored to serve as League Operator.
