

# THE POWER AND THE G L O R Y

*Once in a lifetime (but only if one is exceptionally lucky), a Whippet comes along who captures the heart and offers one a glimpse of what is possible.*

*For me, that Whippet is Poet.*

*He made his adult racing debut at the WRA National Race Meet and won that prestigious event undefeated.*

*Despite the **glory** that goes along with such an achievement, Poet's true **power** lies in his intelligence and his loving temperament.*

*Thank you to his breeders, Mike and Emma Downey of Windwalker Whippets, for entrusting him to my care. I can't imagine life without him.*
