

COMPANY PROFILE

FOX Environmental, LLC (FOX) is a small environmental consulting firm with over nearly twenty years of experience in environmental program/project management at the local, regional, and national levels. Working individually, or as a carefully integrated team of scientists, engineers and planners, **FOX** provides technical assistance to ensure compliance with all economic development, environmental and emergency planning requirements mandated by federal, state and local governments. **FOX's** client base includes state and local governments, private businesses, tribes, non-profit organizations, attorneys, as well as engineering and environmental consulting firms. Having previously worked for the Environmental Protection Agency (EPA) for over sixteen years, **FOX Environmental, FOX** has built a strong reputation for developing customized and cost-effective solutions that meet the compliance needs of each client and the environment.

FOX has conducted numerous environmental assessments, updated development procedures, prepared permit applications and pollution prevention plans (municipal and industrial) and emergency response plans for municipal and industrial clients throughout the Southeast. The Firm also provided regulatory analysis, greenspace planning, stormwater pollution prevention training, water quality monitoring, geographic information system (GIS), and public education and outreach support. Working independently and in conjunction with the University of Georgia and/or Georgia Tech Research Institute, **FOX** recently conducted a series of customized training workshops on watershed assessment (TMDLs) and NPDES stormwater (Phase II, Industrial and new construction) to over 1000 representatives from local governments in Georgia, as well as Army, Navy, Air Force and Marine Corps installations throughout the southeast. **FOX** served as a principal author of numerous successful grant application packages over the last several years, including: (1) \$500,000 (GA EPD, 319 Non-point Source Grant) – McIntosh Regional Development Center, Griffin, GA, TMDL Implementation Planning and Assessment; (2) \$100,000 (US Department of Defense) – Promoting Regulatory Compliance and Pollution Prevention at Military Installations in the Southeast; and (3) \$1,000,000 (Arthur C. Blank Foundation and DeKalb County, Georgia) – Greenspace Acquisition for the South Peachtree Creek Nature Preserve. **FOX** currently provides stormwater, wastewater and water supply technical support services to the Cities of Temple, Hiram, Dallas, Emerson, Holly Springs, Buford, and Commerce as well as Paulding County, Lee County and the Unified Government of Cusseta-Chattahoochee County, GA.

FOX Environmental, LLC is certified as a Qualified Consultant for GA Department of Transportation and as a Female Business Enterprise, Local Small Business Enterprise and/or Small Disadvantaged Enterprise for the City of Atlanta, GA, DeKalb County and the Small Business Administration.
