

# RC DUSTER'S TAILSPIN

Volume 2, Issue 8

AUGUST 2005

## From the Offices of the R/C DUSTERS

July/August

How you feelin'? Hot, hot, hot!!

This heat is starting to really get to a person. I never thought it would be too hot to fly. I was wrong. When it hit 100 last weekend, I was on my way home at 11 a.m. I'll set my simulator to partly cloudy and fly in my A/C at home. Hopefully there will be some milder weather coming our way before Old Man Winter gets here.

Keep getting out when you can.  
Larry

### Special Note

The club members' thoughts and prayers go out to Fred and his family in these hard times.

See you August 10th at the meeting.

Minutes from July 13th

### FOX VALLEY AERO EVENTS

PATTERN FLY IN,           AUG.6TH&7TH.  
PYLON RACES               SEPT 4<sup>TH</sup>

### OTHER EVENTS

## New 30% yak 54 from BME!!

The yak has a wingspan of 87'' and is for 40-60cc gas engines. If you have a G3 you know how well the yak flies. It flies like a scale Pizazz but looks awesome. BME also has a 30% Edge 540, a 37% Ultimate, and a Pitts Special Challenger in the Oracle colors, I had the pleasure of seeing Sean D. Tucker at Oshkosh 2005 in his Oracle Pitts, what a show!

Big planes are becoming popular and it doesn't have to cost a lot of money. Extreme Aircraft has a 25% Cap 232 ARF for \$249.99. take a look at those planes at [www.bmeaircraft.com](http://www.bmeaircraft.com) and the Cap at [www.rcsuperstore.com](http://www.rcsuperstore.com)

See you at the field soon!
