

RC DUSTER'S TAILSPIN

Volume 2, Issue 11

November 2005

From the Offices of the R/C DUSTERS

November/December

What's that word I'm looking for? Oh yeah, windchill. It's baaaaack! It's not the end of the world, nor the end of the season but you need to prepare for it. Make sure your batteries are up to the task, colder weather can wreak havoc on NiCads and Nimh. Adjust your needles for the denser air, I've already flamed out with a heli flying in colder weather and it went too lean. Bring some gloves, for warming between flights. Skis, get them ready to go. Snow is just around the corner.

Swap season will also be coming up soon. It's time to jettison the aircraft that you didn't fly or didn't like the way they flew and look for new projects for the winter. Make out your Christmas lists and leave the Tower Talk in strategic places with the appropriate item numbers highlighted and circled. See you at the Swaps. Larry

Special Notes

Dec 14th, Club Meeting, Raffle, Xmas Party.

See you Nov 9th at the meeting.

Minutes from October

Vice president Lee Ernest called the meeting to order at 7:10 p.m. There were 12 members present.

Officers Report: Steve Baker was thanked for the invitation to fly at St. Charles. he not only picked a good day, but everyone we met was super friendly. Thanks Steve.

Treasurers Report: Bill stated that his spring vacation is looking better and better!

Old Business: The Christmas gift for our landlord was discussed at length. Ideas were submitted and we will follow up on them. Bill B. brought in samples for the new shirt logo. Nominations for 2006 Officers will be at the November meeting. The new members were told about the end of the year raffle. The amount of \$200.00 was set. You get 1 ticket for every meeting you attend. You get 1 ticket for every show and tell.

New Business: Everyone agreed to have the raffle at the Sandwich Park District and then go to Star 34 for treats. Steve Baker said he would store the transmitter tag impound for the winter. Thank you Steve.

On a personal note, to all members old and new, we are a small club so we need the help, ideas and willingness to work for the betterment of the club so we can make a great club even better in the future. Lee

Al Willyard reminded the board that it has been 3 years since we had a club dinner with our wives. The ones we had in the past were a great success and he said it would be nice to have one again. A show of hands was asked for from those who would be interested. It was surprising that there was interest shown. Suggestions on restaurants were given for when we have it.

Stive said he will check Fisherman's Inn and Lee will check the new Lakeside Restaurant in Somonauck. All agreed a on a buffet. A report will be given at the November meeting.

Lee brought up the idea of Adopt a Highway. Bill B. said the scouts do it and it's not a problem. Rt. 34 from Leland Rd. to the end of the old airport was what was suggested. It was felt it would keep not only our landlord's property clean, but also the surrounding area in which we fly.

Lee will check with the State to see what the requirements are.

Respectfully submitted,

Lee Ernest standing in for Chuck Brieschke, Secretary
