

When woven with personal memories, photographs become special reminders of your life experiences, capturing moments in your life that fill your heart and soul with joy.

Take time to capture your family's memories...in the years to come your photographs will be the windows through which your children glimpse their own childhood, the bonds that tie your family through the generations.

Whatever type of photo session you need: Senior Portraits, Baby, Maternity, Engagement, Professional, Family, etc. it is my commitment to you to deliver a series of fine art photographs you are proud to display on your wall.

Capture those moments in time that remind you of the most important things in life...*Family, Friendship and Love.*

Photo restoration.....\$25
(Includes 1 print up to 8x10)

Mounted Prints

IMAGE SIZE	Mat Board	Foam Core	Canvas on Board
8X10	\$35.00	\$40.00	\$65.00
9x12	\$40.00	\$45.00	\$75.00
11X14	\$45.00	\$50.00	\$85.00
16X20	\$55.00	\$65.00	\$110.00
16X24	\$65.00	\$80.00	\$130.00
20X24	\$80.00	\$95.00	\$145.00

About Mat Board: Mounting your print on matboard not only gives the print extra support, but it also helps preserve the value of the print over time. Single-weight matboard is 1/16" thick and double-weight matboard is 1/8" thick.

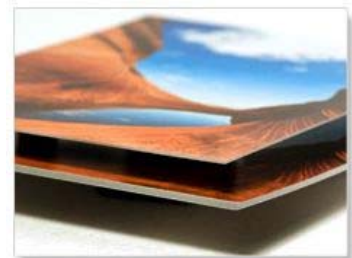

Sizes available in single-weight: 8x10, 9x12, 11x14.
 Sizes available in double-weight: 11x14, 16x20, 16x24, 20x24

About Foam Core: Have your image mounted on Foam Core for a little extra support. Images mounted on 3/16" Foam Core are easy to frame and do not warp or bend over time.

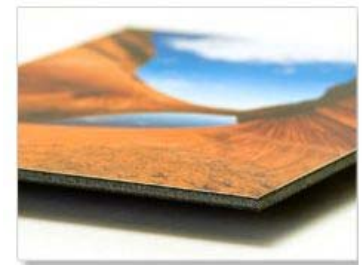

All Mat and Foam Core mounted photos include 'Lustre Coating'. Water-based lustre coating is an eco-friendly formula that provides a sheen that visibly enhances your prints and provides superior protection. The coating protects against fingerprints, UV rays, and typical over-spraying found in home/office environments. Lustre coating provides for a richer, enhanced sheen on prints of every size.

About Canvas on Board: Give your prints gallery-level quality with canvas bonded to matboard. The canvas provides the rich texture for your print and the matboard gives it a sturdy backing that prepares it for framing or other types of display.

Photographic prints are pressed onto canvas, then adhesively pressed onto a single-weight (2x) or double-weight (5x) matboard, depending of the size of the print. The finished product will give a 'textured' look and be durable for framing services. **Please note:** We do not print directly on the canvas. We use an 8.5-ton machine to press your prints onto the canvas

Single and Double Weight Matboard

24X30	\$117.95	\$117.95	\$137.95	\$159.95

About Canvas Prints: The image is printed on to canvas with wide format, high resolution printers. The print is then sealed with a special UV protection laminate. Canvas prints are absolutely smudge-proof and waterproof. Prints should not be exposed to direct sunlight just as any original artwork.

Every canvas is stretched by hand. The canvas is stretched around the sides and stapled in the back, which hides unsightly staples from view. A saw-tooth hanger is then attached to the back. This gives you the option of hanging the canvas on your wall as is.

Framing: The matte black frame is perfect for framing canvas prints. The molding is 1-5/8 inches wide and 1-3/8 inches thick. It will come ready to hang. Of course, these prints do not have to be framed to be enjoyed. The stretched canvases look great on the wall as is!

THREE TYPES OF STRETCHING:

Standard Stretch: The image does not wrap around the stretcher bars. The white of the canvas is seen on the sides. Stretcher frame is 3/4" thick.

Wrap-Around Stretch: The image wraps around the stretcher bars. Stretcher frame is 3/4" thick.

Gallery Wrap Stretch: The image wraps around the stretcher bars. Stretcher frame is 1-1/2" thick
