

Our Kingdom B(ig)H(airy)A(udacious)G(oal)

We dream of a day in the not so distant future where the reality of the Kingdom of Heaven is lived out and experienced in the following described community of faith.

- A community based on gatherings of 2 to 20 people who meet together in homes (or wherever) in simple and natural ways.
- A community where these simple, organic groups exist as a way of life so that people experience real and lasting relationships.
- A community that lives out its faith in an ancient-future lifestyle that draws on spiritual practices from the past and present.
- A community where discipleship and Kingdom living are woven into all areas of life in a way that is simple, potent and lived out in the context of grace-filled relationships.
- A community that sees evangelism as a loving pursuit of God's missing children.
- A community that is more people based than building and program based.
- A community where large group gatherings are secondary and infrequent in order that small, simple groups remain the primary focus.
- A community where leadership follows the servant model of Jesus with the goal of seeing each person equipped and released for Kingdom life.
- A community where each person is a vital part of "family life" and is expected to contribute and serve as enabled by the Holy Spirit.
- A community that is part of a revolution of epic proportions as it seeks to birth other like-minded communities of faith in Metro Detroit and beyond.

We give ourselves wholeheartedly to pursue and live out this Kingdom venture and pray for like-minded people to join with us.

Sole Dei Gloria
