## **This month's feature: REP. KUCINICH & THE UFOs!**

Ohio Democratic Congressman Dennis Kucinich recently gained national media attention when the moderator of a Democratic presidential debate asked him about an incident reported by famed actress/author Shirley MacLaine, in which Dennis reportedly saw an unidentified flying object while staying at MacLaine's home. Kucinich confirmed the account and pointed out that more Americans believe in ET life than support the current regime occupying Washington D.C. Not long after this incident the topic of UFOs and ET encounters gained increased media exposure as Larry King presented a TV show on the subject and The Disclosure Project held a press conference where multiple former government, military, and aviation personnel described their experiences related to this phenomenon. Information about extraterrestrial beings and advanced technology craft is considered a matter of national security and there continues to be an official policy of denial on this issue even though there is a plethora of documentation and eyewitness testimony confirming that Earth is regularly interacting with extraterrestrial beings.

In a radio interview on the local Nicole Sandler show (940 AM), Shirley MacLaine discussed how she believes that the official power structure fears how the public might react to acknowledgment of the reality of ET life and an ET presence on Earth. This would present a challenge to political regimes as well as religious institutions. MacLaine also lauded Kucinich's courage and integrity as a public servant, with Kucinich steadfastly opposing U.S. Military aggression and initiating a bill in Congress to impeach Vice-President Cheney. The well-informed MacLaine also spoke out in favor of natural healthcare and educating people about hazards such as mercury amalgam dental fillings.

The best place to get information about the ET phenomenon is on the Internet. There are many videos at Google and YouTube as well as websites by whistleblowers and contactees. At the library you can find books such as *The Day After Roswell*, by Col. Philip Corso, and *Alien Agenda*, by Jim Marrs. NASA's Space Shuttle video feeds have shown heavy UFO activity and there are impressive photos and videos of UFOs such as the Phoenix lights from the late 1990s and a large fleet over Washington D.C. In the 1950s.

Congressman Kucinich is notable for seeking to ban the weaponization of space and to create a single-payer non-profit national health care plan that would in theory reverse the trend of rising health care expenses. Kucinich has displayed a rise in poll numbers after the UFO topic was publicized and he hopes to close in on the well-financed front runners for the Democratic nomination. Kucinich's rivals, such as Obama, Clinton, Edwards, Biden, Richardson, and Dodd, have connections to organizations such as the Council on Foreign Relations and the Bilderberg Group (Hillary Clinton & John Edwards attended the Bilderberg Conference in recent years), which are committed to establishing an elite-managed global government that ends national sovereignty. Leading Republicans also participate in these globalist gatherings leading many observers to conclude that differences between leading party politicians are primarily for show and not an indication that either party will deviate from the chief plans of the elite establishment. Mainstream media consistently ignore the role of elite NGOs and secret societies in guiding government policies and actions. In 2004 both John Kerry and George W. Bush won their parties' nominations while being members of the Order of Skull & Bones from Yale University. Antony Sutton documented the history of this order and its macchiavellian practices in his book *America's Secret Establishment*.

As Kucinich continues his pursuit of the Presidency his bill to impeach Vice-President Cheney now awaits action in the House Judiciary Committee, a committee headed by Rep. John Conyers of Michigan. Activists from around the country, including The Florida Impeachment Coalition ([www.floridaimpeach.org](http://www.floridaimpeach.org)) are contacting members of the committee to encourage them to proceed with investigating the crimes of Cheney and bringing the evidence to the full House for a debate and vote on impeachment. In interviews with Kucinich & his wife Elizabeth by independent journalists posting on YouTube, the couple have reported that Dennis would open a full investigation into the 9/11 attacks if elected President, and Mrs. Kucinich also indicated that Dennis would be open to considering being offered a position as running mate with Ron Paul, whose honesty she commended.

### What Do People In Power Say About How Our Country Is Controlled?

"The world is governed by very different personages from what is imagined by those who are not behind the scenes." - Prime Minister Benjamin Disraeli, of England, in 1844.

"In politics, nothing happens by accident. If it happens, you can bet it was planned that way" - U.S. President Franklin D. Roosevelt

"The very word secrecy is repugnant, in a free and open society, and we are as a people, inherently and historically, opposed to secret societies, to secret oaths and secret proceedings." - U.S. President John F. Kennedy, speech to American Newspaper Publishers Association, New York, April 27, 1961.

"The Council on Foreign Relations (CFR) is the American Branch of a society which originated in England ... (and) ... believes national boundaries should be obliterated and one-world rule established." - Bill Clinton's mentor, professor of history Carroll Quigley, Georgetown University, in his book Tragedy and Hope.

"Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it." - U.S. President Woodrow Wilson

"The real rulers in Washington are invisible and exercise their power from behind the scenes." - Justice Felix Frankfurter, U.S. Supreme Court

"The real menace of our Republic is the invisible government which like a giant octopus sprawls its slimy legs over our cities, states and nation." - Mayor (1918-1925) John F. Hylan of New York.
