## Non SU! Supplies

Description
Scissors

\*\*\* Any item without a # can no longer be purchased with SU!

\*\*\*\*NOTE: Snail adhesive can be replaced by your favorite adhesive such as glue dots, glue lines, etc.

## Recipe - (Please read recipe before starting card!)

- Step 1 Fold the 5 x 10 Old Olive CS in half using the bone folder to make a crease if necessary.
- Step 2 Stamp "Just Jeans" background on the left side of the 4 <sup>7</sup>/<sub>8</sub> sq Certainly Celery CS using Certainly Celery ink.
- Step 3 Use the Tapestry Technique on the 4 <sup>3</sup>/<sub>4</sub> sq Very Vanilla CS.
- Tapestry Technique:**
- Take the darkest color of your **craft pads** (Old Olive) and sponge some on your Cardstock.
  - Take the second darkest color (Mellow Moss) and continue to sponge the white spots in.
  - Make sure your whole cardstock is covered with craft ink.
  - Ink up your "holly" stamp with **White Craft Pad** and stamp on to your sponged background. Continue to do so until you're done. Try to do it quickly. **NOTE:** Please make sure you stamp off once to the grid paper before inking the stamp again.
  - Pour **embossing powder** over the whole cardstock and heat. Make sure your whole cardstock is covered in embossing powder. (Hint: If you have some spots where it doesn't stick anymore emboss what you have. Next dab the Versamark pad all over the cardstock, pour embossing powder over and emboss again.)
- Step 4 Cut your finished background at 2 <sup>3</sup>/<sub>8</sub>". This will be used for your background. Cut a second piece to be 2 <sup>1</sup>/<sub>8</sub> x 2 <sup>3</sup>/<sub>8</sub>", this is for the layer under the candle. You will have an extra piece left over.
- Step 5 Stamp "candle" on 2 x 2 <sup>1</sup>/<sub>4</sub> Very Vanilla CS using Basic Black ink.
- Step 6 Use the following inks/markers and a blender pen to color in the "candle" as desired: Bravo Burgundy, Certainly Celery, Old Olive, Close to Cocoa, Apricot Appeal.
- Step 7 Attach the "candle" to the 2 <sup>1</sup>/<sub>8</sub> x 2 <sup>3</sup>/<sub>8</sub> Tapestry CS, then to the 2 <sup>1</sup>/<sub>4</sub> x 2 <sup>1</sup>/<sub>2</sub> Certainly Celery CS, then to the 2 <sup>3</sup>/<sub>8</sub> x 2 <sup>5</sup>/<sub>8</sub> Old Olive CS using snail adhesive.
- Step 8 Tear the right edge of the 2 <sup>3</sup>/<sub>8</sub> x 4 <sup>3</sup>/<sub>4</sub> Tapestry CS.
- Step 9 Attach the torn CS to the left side of the 4 <sup>7</sup>/<sub>8</sub> sq Certainly Celery CS using snail adhesive.
- Step 10 Attach the "candle" layer to the card front with the Burgundy Grosgrain Ribbon behind it as desired to the card front using snail adhesive. **NOTE:** Would recommend offsetting the candle to the tapestry background. You will need room to stamp "noel" to the right of it.
- Step 11 Stamp "noel" using Old Olive ink to the right of the "candle" layer.
- Step 12 Attach the candle/noel layer to the card front using snail adhesive.

- Step 13 Tear the edge of the card front (Old Olive CS).  
Step 14 Tear the edge of the card back (Old Olive CS).  
Step 15 *Optionally*, stamp or write a Christmas message on the inside of the card or on a 5 x 5 Whisper White CS (not supplied) in Old Olive ink, don't forget to tear the right edge.  
Step 16 *Optionally*, your envelope can be stamped for extra flair!
