

### Recipe

(Please read all directions before starting your project. Many notes are provided to help you!)

- | Step # | Description   |
|--------|---|
| 1      | Fold the 4 ¼ x 11 Baja Breeze CS in half using the bone folder to make a crease if necessary. Finished card size is 4 ¼ x 5 ½.  |
| 2      | Stamp flowers using Not Quite Navy ink on Very Vanilla CS.  |
| 3      | Highlight areas of the flowers using the Not Quite Navy marker if desired to add depth and shading.   |
| 4      | Complete the Stipple Basics Technique: <ul style="list-style-type: none"> <li>• Hold the brush vertically, then tap stipple brush in the lightest (Apricot Appeal) colored ink several times. Now tap your stipple brush softly on cardstock. Tap several times. Continue to add color to the cardstock until your desired color is reached.</li> <li>• Take the slightly darker ink (Pumpkin Pie), load your stipple brush and start adding this color to the cardstock.</li> <li>• Stipple a third color (More Mustard) in to add more depth.</li> </ul> <p><i>Note: There is a separate stipple brush for each color. Please look at the official Stipple Basics directions (provided in the class).</i></p> |
| 5      | Stamp message on Whisper White scraps using Not Quite Navy ink. Punch this out using the large oval punch.  |
| 6      | Layer the Very Vanilla CS on the Whisper White CS using snail adhesive.   |
| 7      | Run the ribbon through the hodgepodge hardware. Put the punched oval inside the hardware and attach all to flower layer using snail adhesive (adhesive goes on back of layer, not on the front). Then layer everything to card front with snail adhesive.   |
| 8      | <i>Optional: Stamp or write a message on the inside of the card. A 4 x 5 ¼ Whisper White piece of CS can be used for the inside message (not provided). Stamp something special on the envelope.</i>  |
