

Recipe

(Please read all directions before starting your project. Many notes are provided to help you!)

Step #	Description
1	Score the 6 ¼ x 8 ½ Old Olive CS at 3 and 3 ¼. Fold along score lines. Your finished folder will be 2 ¾ x 8 ½.
2	Score the 2 ¼ x 2 ¾ DS Paper at 1 and 1 ¼. Fold along score lines. Please note that depending on precise cutting this piece may need to be wider! Layer this to the top of the note pad with snail adhesive.
3	Smudge the right long edge of the Baja Breeze CS with Baja Breeze ink.
4	Stamp Upsy Daisy on the first page of the note paper. Note: I stamped off once before stamping on the lined paper. Also please make sure you are only stamping on one page, move the page away from the whole book to stamp.
5	Using the scallop edge punch, create a scalloped edge on the front of the folder (Old Olive CS) and on the 2 ½ x 11 DS Paper.
6	Layer the scalloped DS Paper to the folder front using snail adhesive. Cut off any excess paper.
7	Layer the Baja Breeze CS to the inside top of the folder front using snail adhesive..
8	Using sticky strip create the loop (3" Certainly Celery Ribbon) for the mini gel pen on the inside of the folder back. The idea is to have the pen cap stay on the folder all the time. So the loop needs to be created with the cap in it.
9	Wrap the 25" Certainly Celery ribbon around the folder front and tie a knot.
10	Attach the note pad to the inside of the folder using sticky strip. Note: I used three pieces of sticky strip going across the back of the note pad, one at the top, middle, and bottom. Strips were only about 2 – 2 ½ inches long.

*** Any item without a number can no longer be purchased through Stampin' Up!.

*** NOTE – Snail Adhesive can be replaced by your favorite adhesive such as glue dots, glue lines, etc.

Staples Office Supply Store will cut legal pads (for a fee). I used Staples legal pads. Had them cut to 8 ½ inches long, then the pad in three equal columns. Each pad will give you three long notes.
