2008-2009

WELCOME TO THE KENNEDY MIDDLE SCHOOL

As a student at the Kennedy Middle School you have the right to expect a safe, orderly environment in which to learn and grow. Keeping that in mind, every individual in our school is expected to treat every other individual, their person and possessions, with **RESPECT**. The easiest way to describe what is meant by treating every other individual with respect is to treat every individual the way in which you want to be treated. If you do this, you will be successful in whatever you attempt.

The rules for student conduct at Kennedy Middle School can be summarized in three statements.

Take care of yourself.

Take care of each other.

Take care of our school.

ATTITUDE

By Charles Swindoll

“The longer I live the more I realize the impact of attitude on life. Attitude, to me, is more important than facts. It is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think or say or do. It is more important than appearance, giftedness or skill. It will make or break a company... a church... a home. The remarkable thing is we have a choice every day regarding the attitude we will embrace for that day. We cannot change our past ... we cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the string we have, and that is our attitude... I am convinced that life is 10% what happens to me and 90% how I react to it. And so it is with you ...we are in charge of our **ATTITUDES.**”

BEHAVIOR GUIDELINES

While you are in school, on your way to school, on your way home from school, on school grounds, or at school-sponsored events, you are expected to behave in an appropriate manner and with respect toward others. If you choose to behave in a manner which is not appropriate, you may expect the following to occur.

The first time you behave in an inappropriate manner, depending on the type of severity of the behavior, there will be a discussion between you and the teacher or an administrator about what you did, why you did it, and why the behavior was

inappropriate. Teacher detention or office sessions may be assigned. If this same type of inappropriate behavior occurs again, a discussion will again be held and you will be assigned a teacher and/or an office detention. If this same behavior occurs again, two or more office detentions will be assigned and your parent/guardian will be contacted. Additionally, a parent-teacher-administration conference may be conducted.

If the same inappropriate behavior continues, you will be suspended from attending school, your parent/guardian will be contacted, and a parent-student-administration conference will be conducted upon your return to school.

Continued behavior of the same type after you have been suspended will result in you and your parent/guardian being referred for possible further disciplinary action.

GENERAL PROVISIONS OF THE CODE OF CONDUCT

When deemed appropriate, either because of the magnitude of the offense or the compilation of offenses, the Principal and Assistant Principal possess the authority to exclude a student from school.

The school reserves the right to prohibit any behavior which it deems as not being to the best interest of the school community, its students, faculty, and staff.

STUDENT CODE OF CONDUCT

In addition to the rules and requirements set forth in the Student-Parent Handbook, Kennedy Middle School students are expected to adhere to the following Code of Conduct:

1. Students are expected to assist in maintaining an orderly and calm school atmosphere that is conducive to learning.
2. Students are to stay in designated areas and to travel directly to assigned areas.
3. Students are to respect the right of school staff and students to a safe and secure school environment.
4. Students will use appropriate language and will treat adults and students alike, politely and with respect.
5. Students are not to bring anything to school that can be harmful to themselves or others.
6. Students are to be truthful and honest at all times.
7. Students will obey all school rules and policies.

ABSENCE FROM SCHOOL

In order for you to benefit as much as possible from school, it is necessary for you to attend school each day it is in session. In accordance with state law, students who are ill, have a death in the family or a family emergency may be absent from school. If due to illness you are unable to attend school, we expect to receive a call from your parent/guardian. The school phone number is 781-937-8230. There is an answering machine so that a parent/guardian may leave a message informing the school of their child's absence. When you return to school from an absence, we expect you to bring a written note from your parent/guardian (unless your parent or guardian has called in) explaining why you were absent. If we do not receive a call on the day(s) you are absent, the school will call home. If we cannot get in touch with anyone at home or work the school will send the truant officer out to the house.

When you return from an absence you are expected to talk to your teachers about the work you missed and about make-up work. You will be given a reasonable amount of time to complete any make-up work. Students who are absent from school are not to be on school property at the end of the school day and they are not allowed to participate in any school activities that may be taking place on the day of the absence.

ACTIVITIES AND CLUBS

There are a number of extra class activities and clubs in which you may participate. Being a member of an activity can help you to make new friends and learn new things. Activities vary from semester to semester. Most activities are open to all students but some, such as Class Book and Builders Club is restricted to students in grade 8. There is an after school intramural sports program that runs throughout the year. This is done on a rotating basis by grades. A list of current activities will be distributed to students at the beginning of each semester.

ALCOHOL, DRUGS AND TOBACCO

The possession, solicitation, use, or being under the influences of alcohol, drugs, tobacco, or drug look-alikes on school grounds or at school-sponsored events is strictly prohibited and will result in disciplinary action and, where appropriate, referral to law enforcement authorities.

ARRIVING AT SCHOOL

Once you are on school property each day you are considered to be "in school." Once you are in school you are expected to remain there for the entire school day unless both your parent and the school administration dismiss you.

You are expected to remain outside the main entrance of the school until the bell rings indicating that you may go inside. If the weather is such that it would not be safe or healthy for you to remain outside, you will be allowed to enter the building and remain in the lobby area until the official beginning of the school day. While waiting for school to begin you are expected to behave in an appropriate manner. Standing or sitting and

talking with your friends, working on homework, talking with one of the teachers on duty are examples of appropriate behavior. Running, pushing, shoving, hitting and fighting are not appropriate behavior.

Once the bell rings to begin the school day you are expected to go to your locker, place your coat, hat, and other wear in your locker, retrieve any necessary school material and then go directly to your homerun.

BICYCLES AND SKATEBOARDS

If you ride a bicycle to school you are expected to walk it to the bicycle racks and place it in the bicycle racks that are located at the rear of the building as soon as you arrive. While every effort is made to ensure the safety of bicycles, the school cannot and will not assume responsibility for damage or for loss. Students should lock their bicycles securely when they leave them at the rear of the school.

The use of skateboards, scooters and roller blades is prohibited on school property or on school buses. Skateboards, scooters and/or roller blades are to be carried when on school property and are to be placed in your locker immediately upon entering the school building.

The Woburn Public Schools strongly encourages the use of helmets and appropriate protective clothing for students riding bicycles, skateboards, scooters and/or roller blades to school.

CAFETERIA

All of us benefit from a balanced, nutritious lunch. Our cafeteria serves an outstanding variety of healthful foods. Students are not allowed to bring food from the canteen truck in to the building.

On your way to and from the cafeteria you are expected to walk in a quiet, orderly manner. Once you are in the cafeteria you are expected to sit at your table and engage in **quiet conversation** with your friends.

When you finish eating you are expected to clean your table and dispose of any unwanted items in the proper receptacle. All trays and bowls are to be returned to the dishwashing area. When you are given the two-minute warning, you are expected to dispose of all trash, pick up any trash around your seat, and return to your table.

When it is time to leave the cafeteria a teacher or administrator will dismiss you. You are expected to remain seated until dismissed.

CANCELLATIONS AND DELAYED OPENINGS

During days when there is inclement weather, it may be necessary to cancel school or have a delayed opening.

Delayed openings may be for one hour, ninety minutes, or two hours at the discretion of the Superintendent of Schools. If schools are delayed for one hour, the student should plan to be at the bus stop one hour later than the usual time of arrival of the bus (i.e. If the bus normally picks up your child at 7:15, it will pick up your child at approximately 8:15).

Radio and television stations will carry Woburn Public School cancellations.

CHEWING GUM

Because it poses a safety and health hazard and causes undue work for the custodians, the chewing of gum is not allowed at school.

COMMUNITY SERVICE (Y.E.S. PROGRAM)

The reasons for participating in volunteer services are as varied as the rewards the student receives. Her/his service provides the student with a closer look at the community. Service makes a student more realistic about the problems that confront us and provides her/him with a keen understanding of the need to address the problems immediately. Most important, service provides the student with an understanding of the power of one.

Each year the Woburn Elks honor Woburn students who have been active throughout the community. Students who complete community service will be recognized by the Woburn Public Schools for their efforts.

At the end of the eighth grade, students who have completed 75 hours of community service during their middle school years will receive a trophy.

Each time a student completes a community service project, s/he should complete one of the community service record cards and return it to the main office or mail it to Mark Donovan at the Superintendent's office.

CONDUCT AT OFF-SCHOOL ACTIVITIES

Student's behavior at all school sponsored or school related events, regardless of where the events are held, is governed by the rules listed in the Student-Parent Handbook. Proper behavior, consideration for others and general good manners are expected of all students at all school events and while being transported to or from school or school related events on buses. Inappropriate conduct and/or other violations of school rules at school sponsored or school related events will result in disciplinary action.

CONFISCATED ITEMS

Electronic Devices such as walkmans, CD players, video games, pagers, cell phones, or other items are not appropriate for students to have in school. These items must be placed in the student's locker before school. Student's found with these items, whether they are

in use or not, will be confiscated by teachers and administrators. They will be returned to students at the end of the school day. However, habitual offenders will be disciplined with detentions and possibly suspension. Items will only be returned to student's parent/guardian.

DETENTION (OFFICE SESSIONS)

Students who violate the Code of Conduct and/or other school rules at the John F. Kennedy Middle School will be assigned sessions (detention). Detention is held on Monday through Thursday from 2:20 p.m. until 3:00 p.m. Since there is no after school transportation, it will be the responsibility of the parent/guardian to make arrangements for those students who have been assigned detention to get home. Although office sessions are normally held only Monday through Thursday, a teacher, at her/his discretion, may assign a session on Friday. Parents/guardians will be notified one day in advance before the student has to serve the after school session.

DISCIPLINARY DUE PROCESS

1. Short Term Disciplinary Sanctions: Prior to the imposition of any disciplinary sanction that might result in a student's suspension from school for ten (10) consecutive school days or less, the student will be given oral notice of the offense with which he/she is charged and an opportunity to respond. In the event that the principal determines that the student will be suspended from school, the students' parent(s)/guardian(s) will be notified by telephone and in writing.
2. Long Term Disciplinary Sanctions: Prior to the imposition of any disciplinary sanction that might result in the student's suspension for more than ten (10) consecutive school days or expulsion, the parent(s)/guardian(s) will be given written notice of a hearing at which they may be represented by an attorney, at their own expense, and may examine and present witnesses and documentary evidence. Following this hearing, the decision maker (principal/school committee) will issue a formal decision. Depending of the circumstances, the parent(s)/guardian(s) will have the right to appeal this decision within five (5) to ten (10) days to the superintendent of schools or to a court of competent jurisdiction. Pending the outcome of any such appeal, the disciplinary sanction imposed shall remain in effect. M.G.L. c. 76 §17, M.G.L. c. 71 §37H, M.G.L. c. 71 §H1/2..
3. Students with Disabilities: Students who have been identified as students with disabilities in accordance with the Individuals with Disabilities Education Act of Section 504 of the Rehabilitation Act or who the school has reason to believe might be eligible for special education services are entitled to additional procedural protections when a disciplinary exclusion is considered. Prior to the imposition of any disciplinary sanction that would result in a change in placement, the student's Team will meet to determine whether the student's conduct was a manifestation of the student's disability. If the Team determines that it was, a functional behavioral assessment plan will be developed. In many cases, a student with a disability will be entitled under federal law to educational

services during periods of disciplinary exclusion exceeding ten (10) cumulative school days. For additional information regarding the rights of students with disabilities in the context of school discipline please contact the Woburn Public Schools' Director of Special Education or the building Principal.

DISMISSAL FROM SCHOOL

If you need to leave school during the school day you will need written permission from your parent/guardian to do so. The written dismissal request is to be brought to the main office when you enter school on the day you are to be dismissed. You will then sign out on the dismissal list in the office. If you leave school without permission of your parent/guardian and the administration you will be considered truant.

DRESS CODE

The clothes you wear make a statement about you. Because of health, safety and other reasons certain clothing is not appropriate school wear. Unacceptable clothing consists of, but is not limited to, the following: midriff shirts that show parts of the stomach or the back, tube tops, pajama bottoms, pants with writing across the back, spaghetti strap shirts, tank tops, tops that have deep scoop necklines or backs, tops with large armholes, halter tops, mesh or see through tops, spandex pants or shorts, shorts or skirts higher than mid-thigh, clothing that promotes drugs, violence, sex, clothing that displays the playboy bunny, alcohol or that causes undue attention to be called to the wearer. Outerwear (i.e. winter jackets, quilted vests, etc.) may not be worn inside the school building(s).

FIELD TRIP REGULATIONS

While participating on field trips, students are expected to obey the instructions of chaperones, guides, and any applicable rules of the place being visited. Uncooperative behavior on a field trip may result in that student being prohibited from further participation in any field trips for one year from the date of the infraction. Violations of the code of discipline will result in disciplinary action. School rules apply while on field trips. Students will be charged a fee for field trips in order to cover such things as the cost of admission and the cost of transportation.

FIGHTING

Students involved in fighting will have their parent(s)/guardian(s) notified, will be sent home immediately and will be suspended from school. Fighting at school related events will result in suspension and forfeiture of the privilege to attend such functions.

FLAG SALUTE

All students are encouraged to participate in the flag salute. An atmosphere of respect and stillness is expected while the flag salute is being held.

FOOD AND BEVERAGES

In an attempt to maintain a clean environment, no food or beverages are allowed in the corridors or in the classrooms. Food or beverages that are purchased from the canteen truck must be consumed prior to entering the building **and the trash properly disposed of.**

HARASSMENT – SEXUAL (Adult)

Any sexual behavior or inappropriate sexual comments from an adult towards a student is unethical and is considered sexual harassment. The adult is fully responsible for the behavior/comments. If a student believes that s/he has been sexually harassed by an adult, s/he should report the incident to a trusted teacher, guidance counselor, parent/guardian, assistant principal, or principal.

Teachers, guidance counselors, and/or the assistant principal will report the incident to the principal who will conduct an investigation, notify the appropriate authorities, and file a written report with the Superintendent of Schools. If it is determined that the adult has sexually harassed the student, referral will be made to the Superintendent of Schools for disciplinary action.

Reprisals, threats, or intimidation of the reporting victim by the accused adult will not be tolerated and must be reported to the assistant principal or principal.

HARASSMENT – SEXUAL (Student)

Sexual harassment is unwanted sexual attention from anyone with whom the victim may interact in the course of receiving her/his education in school or at school sponsored activities. **Sexual Harassment includes, but is not limited to, the following behaviors from an individual:**

- Staring or leering with sexual overtones
- Spreading sexual gossip
- Unwanted sexual comments
- Pressure for sexual activity
- Unwanted physical contact of a sexual nature

If a student believes that s/he has been sexually harassed by another student, s/he should report it to a trusted teacher, guidance counselor, parent/guardian, assistant principal, or the principal. Any accusation of sexual harassment will be investigated by the assistant

principal or principal and a written report of the investigation will be filed with the principal.

If it is determined that a student has sexually harassed another student, the consequences will be as follows:

- a) A parent-student conference will be held with the assistant principal or principal.
- b) The student will be required to apologize to the victim.
- c) Depending on the severity of the incident, a student will be assigned office sessions, receive an out of school suspension, or possible exclusion.

Reprisals, threats, or intimidation of a victim who reports incidents of sexual harassment will be treated as a serious offense and will result in an out of school suspension and/or expulsion from school.

HAZING

In accordance with state and federal laws and regulations, the practice of “hazing” in all its forms is prohibited at the school. As defined in Chapter 269 § 17 of the Massachusetts General Laws, the term “hazing” means: *Any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug, or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep, rest or extended isolation.* M.G.L.c.269 § 17.

Hazing is strictly prohibited in Woburn Public Schools, at school sponsored events, and during school related activities. Students who engage in hazing will be subject to disciplinary action. Individuals who observe acts of hazing are required by law to report such conduct to law enforcement authorities. M.G.L. c.269 § 18.

HEALTH AND MEDICATIONS

A nurse is present in school every day. If you should feel ill or become injured while in school we want you to visit the nurse. Our nurse is also available to you to discuss any health related matters you may have. Under no circumstances are students to call parents to dismiss them without first seeing the nurse or an administrator.

Protocols from the Department of Public Health are followed when providing communication to parents regarding communicable diseases. It is the responsibility of the parent/guardian to discuss with their physician the effects that communicable disease will have upon their individual situations regarding their family. Any concerns relative to a student's health are reported to the parent/guardian.

Students are not allowed to self-medicate. No student may take or carry medication at any time in school without the prior knowledge and approval of the school nurse. Possession or use of any medication by a student at school without prior approval of the school nurse will result in disciplinary action.

If you need to take medication of any type during the school day, please make sure you do the following:

1. Bring to the nurse a written statement from a physician indicating that you need to take medication during the school day.
2. Give the nurse the medication you need to take. This medication must be in a pharmacy labeled container. On the container there must be listed your name, the physician's name, the name of the medication and the frequency and dosage of the medication.
3. If you have asthma, you may carry and use an inhaler if your physician and parents have given written permission to the school for you to do so.

If you have any questions about taking any type of medication, please talk with the nurse.

HEALTH SCREENING PROGRAMS

The Woburn Public Schools, in accordance with Massachusetts State Law, provides screening programs in vision, hearing, height, weight, and postural screening. If you do not wish your student to participate in these mandated screenings, you must notify the school nurse and provide a note from the doctor that is was completed.

HOMEWORK

You should expect to spend time at home each evening during the week studying and working on school assignments. Every student is provided with an assignment book in which homework tasks for each evening are to be written. Your teachers will occasionally check to insure that you have an assignment book and that you are writing your assignments in this book.

The amount of homework you may have varies each day. Ideally, homework should be assigned in every subject every night. In general you may expect sixty minutes of homework four times a week if you are in grade six, up to ninety minutes if you are in grade seven, and up to one hundred and twenty minutes if you are in grade eight. Additionally, long term assignments will be given from time to time.

HIGH HONOR ROLL

In order to achieve High Honors at the end of a particular marking period, a student must first, earn all A's in all subjects, except that one B will be allowed in any subject, and second, must have all ones in conduct and effort in all subjects.

HONORS

In order to achieve Honors at the end of a particular marking period, a student must first, earn at least a B- in all subjects, and second, have all ones in conduct and effort in all subjects.

CONDUCT is defined as how you behave in school. Qualities considered in determining CONDUCT ratings are behavior, cooperation, obedience, respect and courtesy. Your teachers determine your conduct rating in each class.

Conduct Ratings are as follows:

1 = Excellent

2 = Fair – needs improvement

3 = Poor – parent-teacher conference recommended

EFFORT

Effort is defined as a student doing his/her best work at all times.

NATIONAL JUNIOR HONOR SOCIETY

In order to be considered for induction into the National Junior Honor Society in grade 6, 7, or 8, a student must have earned a High Honors average for the year in all of their classes. Membership in the National Junior Honor Society is for one year only. A student must qualify, as stated above, each year he/she is in middle school in order to remain a member of NJHS.

LATE TO SCHOOL

If you are late arriving to school you must report to the main office, sign in on the Tardy Sheet, receive a tardy pass, go quietly to your locker and then proceed as you normally would to class. If you are late to school more than two times in a quarter without an acceptable reason, your parents will be contacted and you will be assigned after school office sessions. Students who fail to sign in when they are tardy to school will be assigned an office session. Students who are chronically late to school are subject to suspension.

LIBRARY

The library is open for student use from 11:23 a.m. until 2:30 p.m. In addition, the library will be open until 2:40 p.m. on Wednesdays and one other day in the week as determined by the librarian. The library will close at 2:15 p.m. on Friday's.

LOCKERS

Each student will be assigned a corridor locker. Many lockers have built in combination locks. However, because of the age of the lockers some of the built in combination locks do not work. The school does not supply locks for students. Each student must supply her/his own lock and must provide the Principal with the combination prior to placing the lock on his/her locker.

Weapons, illegal drugs, alcoholic beverages, stolen property, and other contraband may not be stored in school lockers. Lockers are to remain locked at all times. Lockers are school property and the school reserves the right to periodically inspect lockers to assure compliance with school rules. Students have no expectation of privacy in the contents of their student lockers.

MAKE UP WORK

Schoolwork lost through absence must be made up completely. This applies to all work – class work, projects, homework, tests, and quizzes.

It is highly desirable that every pupil attains a perfect attendance record. It is understandable, however, that there may be occasions when absence is necessary due to illness or some other urgent and serious reason. Each student should have a "Study Buddy" – an individual in the student's classes who can be called by the absent student and able to tell the student what the assignments were for the day. Students who have been absent for a short period of time (1 or 2 days) should contact their "study buddy"/teacher to obtain information about class work and homework assignments.

If a student is going to be absent for an extended period of time (longer than 3 days), parents/guardians should contact the guidance counselor (937-8231) to make arrangements to obtain assignments and any books or other materials the student may need.

The policy of the Kennedy Middle School on make-up work is as follows:

1. All work receives a failing grade until it is made up or other arrangements have been made with the teacher.
2. Absences of 1 or 2 days – one week’s time to make up work unless other arrangements have been made with the teacher.
3. Absence of 3 to 5 days – two week’s time to make up the work unless other arrangements have been made with the teacher.
4. Absence of more than 5 days – a limit of three weeks after returning to school unless other arrangements have been made with the teacher.
5. All work not made up in the required period will be graded as failure unless other arrangements have been made with the teacher.

The school discourages any family vacations during the school year. If it is necessary to schedule a vacation then work will be provided for the child when he/she returns from their vacation. It is expected that all work will be completed in a timely manner Teachers are under no obligation to provide extra-help or tutorial sessions for students who are absent from school because of family vacations.

PARENT CONFERENCES

Parent conferences are vital to the success and acceptance of the school's educational programs. Parents are encouraged to set up mutually convenient times when they will be able to meet with a teacher to discuss their student's educational progress. During the school year, there will be three scheduled conferences. The first conference is usually in the fall and is a parent-teacher open house held in the evening. The second conference is usually held after the first marking period and provides a time for parents to meet individually with their student's team of teachers. This is usually scheduled for the evening. The third conference is held after the end of the second marking period and is scheduled in the afternoon. During this conference, parents are able to meet with individual teachers or with their student's team of teacher. Teachers are also available to meet with parents during the day. You may call the guidance office to set up an appointment.

PETS/ANIMALS

Pets are not allowed in school or on school property unless specifically authorized by the classroom teacher and the building Principal.

PLAGIARISM AND CHEATING

At all times you are expected to do your own schoolwork. Plagiarism, the taking and using as one's own the ideas or writings of another, and cheating, copying another student's work or giving yourself an improper advantage over other students, are prohibited. If you plagiarize or cheat, you deprive yourself of the education available.

If you do plagiarize or cheat, you will receive a zero for any work assigned, test or report involved, and your teacher will notify your parent(s)/guardian(s) and the administration. You may also be subject to additional disciplinary action.

PROGRESS REPORTS

Your teachers will issue progress reports at the middle of each marking period if you are failing or in danger of failing any subject or if you have dropped a grade level, effort level, or conduct level. These reports are to be taken home, signed by your parent/guardian, and returned to the teacher(s) who issued the report.

PUBLIC DISPLAY OF AFFECTION

Public displays of affection are inappropriate within a school setting. Such displays are not in good taste, have no place in a public school, and infringe upon the sensitivity of others. In all cases, parents will be notified and students will be assigned after school sessions.

RELEASE OF INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that the Woburn Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless you have advised the school district to the contrary in accordance with school district procedures. The primary purpose of directory information is to allow the school district to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require school districts that receive assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the school district that they do not want their student's information disclosed without their prior written consent.

If you do not want the school to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by October 1, 2007. The district has designated the following information as directory information:

- Student's name
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Electronic mail address
- Photograph
- Degrees, honors, and awards received

REPORT CARD

Report cards are issued four times a year: November, January, April and the last day of school. You are expected to take the report card home on the day it is given to you, have your parent/guardian sign the envelope in which the report card was placed, and return the envelope to the school on the next school day.

RIDING THE BUS

If you ride the bus to school each day you are considered to be in school once you enter the bus in the morning. You continue to be in school until you get off the bus in the afternoon. Once you are on the bus you are expected to behave in an appropriate manner and to remain seated while the bus is in motion. **Students are not allowed to stand while the bus is in motion.**

Please remember that when you are riding the bus the bus driver is responsible for your safety. He or she has the same authority as your teachers. We expect you to do as the bus driver says or directs.

You may only ride the bus to which you are assigned. If you wish to ride another bus home, you must have permission of the school and your parents.

The administration may remove you from the bus if you do not comply with the reasonable directives of the bus driver. You may also be subjected to additional disciplinary consequences for violations of the school Code of Conduct, school rules, and/or Woburn Public Schools' policies while on the school bus.

SMOKING AND TOBACCO USE

Smoking is prohibited in the school and on school grounds at all times. Cigarettes and tobacco will be confiscated and parents will be notified. Any student apprehended for smoking, holding a lighted cigarette, or using non-smoking tobacco will be suspended from school. Students are not allowed to have lighters in their possession. Any student found to have a lighter in her/his possession will be assigned office sessions and the lighter will be confiscated.

SNOWBALLS

The making and throwing of snowballs and/or snow or ice is prohibited. Students who violate this rule are subject to disciplinary action including, but not limited to, assigned office sessions and suspension from school.

STEALING

The theft of property belonging to other people or to the school will not be tolerated. The act of stealing or the possession of stolen property will result in suspension or expulsion. Students who steal will be required to make restitution of the stolen material(s) and make an apology to the victim. In some instances, the police may be notified and court action may be taken.

STUDENT SEARCHES

A student's person, personal possessions, and student locker may be searched whenever school administrators have reasonable suspicion that the student is in possession of illegal, prohibited, or contraband items/materials. Any and all illegal, prohibited, or contraband materials discovered as a result of such a search will be confiscated. Students found in possession of such items or materials will be subject to disciplinary action and criminal prosecution.

STUDENT RECORDS

Regulations pertaining to Student Records adopted by the State Board of Education have the force of law. These regulations apply to all public elementary and secondary schools as well as private schools approved to provide special education services to children. They are designed to insure parents' and students' rights of confidentiality, inspection, amendment, and destruction of student records, and to assist school authorities in their responsibilities for the maintenance of student records. The regulations apply to all information kept by a school committee on a student in a manner such that he or she may be individually identified. The applicable regulations may be found at 603 CMR 23.00.

The following is a summary of the major parent and student rights regarding their student records, as provided by the Regulations pertaining to Student Records.

I. Inspection of Record

A parent, or a student who has entered the ninth grade or is at least 14 years old (eligible student), has the right to inspect all portions of the student record upon request. The parent and/or eligible student have the right to receive copies of any part of the record, although a reasonable fee may be charged for the cost of duplicating materials. The record must be made available to the parent or eligible student no later than ten (10)

business days after the request, unless the parent or student consents to a delay. The parent and/or eligible student may request to have parts of the record interpreted by a qualified professional of the school, or may invite anyone else of their choosing to inspect or interpret the record with them.

Massachusetts regulations establish a mandatory process for responding to student record requests from non-custodial parents. Where a parent who does not have physical custody of their child (non-custodial parent) request access to the child's student record or other information regarding the student, the non-custodial parent is required to submit a written request for the student record with a certified court order indicating that the non-custodial parent is eligible to access information regarding the child and an affidavit verifying that the order provided remains in effect and that the non-custodial parent is not subject to temporary or permanent protective order. Immediately upon receipt of this documentation the school shall notify the custodial parent that the school will provide the non-custodial parent with access to the student record information after twenty-one (21) days unless the custodial parent provides the principal with documentation establishing that the non-custodial parent is not eligible to access information regarding the student. When student record information is provided to a non-custodial parent in accordance with the above procedures, the school will delete the address and telephone number of the student and custodial parent from all records provided to the non-custodial parent. Any such records provided to the non-custodial parent shall be marked to indicate that they may not be used to enroll the student in another school.

Non-custodial parents are required by law to submit a written request for access to their child's student record information each year stating that the parent continues to be entitled to unsupervised visitation with the student and remains eligible to access information regarding the child.

II. Confidentiality of Student Records

With a few exceptions, no individuals or organizations but the parent(s), student, and authorized school personnel are eligible to access information in or from a student record without the specific, informed written consent of the parent or the student.

III. Amendment of the Student Record

Eligible students and/or parents have the right to add additional information, comments, data, and/or other relevant material to the student record. Eligible student and/or parents also have the right to request in writing that the student record be amended. Any such request should be directed to the building Principal. The building Principal will render a written decision on such a request within one week.

The above is only a summary of some of the more important provisions of the regulations pertaining to student records that relate to student and parent rights. If more detailed

information is desired a copy of the regulations may be obtained from the principal's office or the Department of Education.

EXCLUSION FROM SCHOOL

In addition to being suspended or expelled from attending school for violation of Code of Conduct, you may also be suspended from attending school if while you are in school, on school grounds, or at a school sponsored activity you:

1. Become involved in a fight with another student regardless of who started the fight;
2. Are in possession or under the influence of alcohol, drugs, tobacco, or look alikes, or sell or distribute same;
3. Possess a weapon;
4. Vandalize the school, the property of the school, or the property of someone else;
5. Direct profanity at or toward a school employee;
6. Leave school without the permission of your parent or guardian and the school;
7. Assault a school employee;
8. Behave in any other manner which is deemed by the administration as disruptive of the school environment and/or possibly causing harm or danger to another, including threatening or harassing behaviors.

If you are excluded from school for disciplinary reasons, you may not be in school, on school grounds or attend any school-sponsored functions during the duration of your suspension, the day of your suspension, or the day following your suspension.

On the day you return to school from a suspension, a parent/guardian must accompany you to school and meet with the administration to discuss your re-entry. Any student suspended during the year may be excluded from participating in any extra curricular activities (talent show, grade 8 dance, field trips, etc.)

TEXTBOOKS

The textbooks, which you are given to use, are the property of the Woburn Public Schools. You are expected to treat your books appropriately and to keep them covered at all times.

At the end of the school year you are expected to return all your books to your teachers. If you lose or destroy any book you are expected to pay for the replacement cost for that book. You may also be charged a rebinding fee if your book needs rebinding.

All teachers will require students to enter their name on the inside cover of each assigned textbook.

THREATS AND/OR ASSAULTS AND ABUSIVE BEHAVIOR (Faculty and Staff)

Students who threaten or assault a staff member are subject to out of school suspension and expulsion. If a student damages the property of a staff member, the student will receive an out of school suspension and will be required to make restitution for the damaged property. Abusive, obscene, or vulgar language or gestures to a member of the staff will result in an out of school suspension.

THREATS AND/OR ASSAULTS AND ABUSIVE BEHAVIOR (Student)

Students have a right to a safe, secure and peaceful school. Verbal and/or physical assaults are unacceptable. Students who are verbally abusive may receive disciplinary sanctions ranging from assigned office sessions to suspension from school.

A student who physically assaults another student will be sent home immediately and will be suspended from school. Where appropriate, the student may also be recommended for expulsion. Students who push a student into another student will receive office sessions. Second and subsequent offenses will result in an out of school suspension.

Students who are involved in incidents of assault, abusive behavior, or threats will meet with the assistant principal or principal, a guidance counselor, and a teacher, if necessary, to work out specific ways of relating cooperatively. Bullying and fighting are serious matters and will not be tolerated.

TRUANCY

Truancy is defined as being absent from school or classes without parental permission. Any student who is truant will receive office sessions and the attendance officer will be notified. A personal parent/student conference with the Principal or Assistant Principal will be required prior to readmission.

UNAUTHORIZED ABSENCE FROM CLASS (CLASS CUTTING)

For each unauthorized absence from class, a student will be assigned office sessions. Second and subsequent offenses may result in an out of school suspension.

VANDALISM

If school property is destroyed, vandalized or defaced, we expect students who have knowledge of the perpetrator(s) to report that knowledge to the principal or assistant principal. The student(s) responsible for the vandalism are subject to disciplinary action and will be required to make full restitution.

VISITORS

During school hours, visitors are welcome by appointment only. **ALL VISITORS MUST REPORT TO THE MAIN OFFICE UPON ARRIVAL.** If you wish a conference with a teacher, please contact the teacher for an appointment at least forty-eight hours in advance of any proposed meeting date/time.

When visiting our school, please park in approved locations. Please do not park in a manner that would hinder emergency vehicles (ambulance, fire engine) from reaching the school buildings or playgrounds. For air quality and safety, it is required that vehicles not be left running while parked (even for a short time). Do not park in handicapped spaces if you do not have a handicapped tag.

Students are not allowed to bring visitors to school without prior approval of the student's teacher and Principal.

VULGARITY

The use of vulgar, profane and/or obscene language is not appropriate in school. Violators may be assigned teacher or office sessions, or be suspended from school.

WEAPONS

It is illegal to have a weapon in school or on school property. Students who are in possession of a weapon risk expulsion from school. In all cases, authorities will be notified, the student will be immediately suspended from school, and an expulsion hearing will be held. Weapons are defined as guns, knives, bows, arrows, darts, laser pointers or any other objects, which in the opinion of the administration may cause harm to you or others.

“Whoever, not being a law enforcement officer, and notwithstanding any license obtained by him under the provisions of chapter one hundred and forty, carries on his person a firearm as hereinafter defined, loaded or unloaded or other dangerous weapon in any building or on the grounds of any elementary or secondary school, college or university without the written authorization of the board or officer in charge of such elementary or secondary school, college or university shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both. For the purpose

of this paragraph, “firearm” shall mean any pistol, revolver, rifle or smoothbore arm from which a shot, bullet or pellet can be discharged by whatever means.

Any officer in charge of an elementary or secondary school, college or university or any faculty member or administrative officer of an elementary or secondary school, college or university failing to report violations of this paragraph shall be guilty of a misdemeanor and punished by a fine of not more than five hundred dollars.

Students who are in possession of a weapon or a look alike weapon risk expulsion from school. In all cases, authorities will be notified, the student will be immediately suspended from school, and an expulsion hearing will be held. Weapons are defined as guns, knives, bows, arrows, darts, or any other objects, which in the opinion of the administration may cause harm to you or others.

MASSACHUSETTS GENERAL LAWS

M.G.L. c. 71 §37H

Massachusetts General Law c.71 §37H1 mandates that all student handbooks contain the following provisions relative to student behavior and conduct.

(a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or knife, a controlled substance as defined in Chapter 94C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the Principal.

(b) Any student who assaults a principal, an assistant principal, a teacher, teacher’s aide or other educational staff on school premises or at school-sponsored events, including athletic games, may be subject to expulsion from the school by the principal.

(c) Any student who is charged with a violation of either paragraph (A or B above) shall be notified in writing of an opportunity for a hearing, provided, however, that the student may have representation [at their own expense], along with the opportunity to present evidence and witnesses at said hearing before the principal. After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel [at their own expense] at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(e) When a student is expelled under the provisions of this section, no school or school district within the commonwealth shall be required to admit such student or to provide educational services to said student. If said student does apply for admission to another school or school district, the superintendent of the school district to which the application is made may request and shall receive from the superintendent of the school expelling said student a written statement of the reasons for said expulsion.

M.G.L. c71 §37H1/2

(1) Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determined that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his/her right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his/her request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his/her behalf, and shall have the right to counsel [at their own expense]. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

(2) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his/her right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the expulsion to the superintendent. The student shall notify the superintendent, in writing, of his/her request for an appeal no later than

five calendar days following the effective date of the expulsion. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his/her behalf, and shall have the right to counsel [at their own expense]. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion.

Upon the expulsion of such student, no school or school district shall be required to provide educational services to such student.

SERVICES AND ACCOMODATIONS FOR STUDENTS WITH DISABILITIES

Some students with disabilities require specialized instruction and/or supportive services to help them make effective progress in school. These services can include, but are not limited to, speech therapy, physical therapy, occupational therapy, specialized instruction, or placement in a special classroom. Parents or teachers may refer students they are concerned about to the Pupil Services Office. Within five (5) school days of such a referral, a consent form authorizing an evaluation of the student will be forwarded to the parent(s). Upon receipt of the parent(s)' consent, an evaluation will be conducted and a TEAM meeting will be held to determine if the student is eligible for special education services. If the student is found eligible for special education services, the Team will develop an Individualized Education Program (IEP) identifying the necessary services.

In some cases, the evaluation Team determines that a student with a disability may require only individual accommodations as opposed to specialized instruction and/or related services. Such students are then referred for an evaluation for their eligibility for an individual accommodation plan in accordance with Section 504 of the Rehabilitation Act.

For more information regarding the services available to students with disabilities please contact the school guidance counselor or the Woburn Public Schools' Director of Special Education.

DISIPLINE AND STUDENTS WITH DISABILITIES

All students are expected to meet the requirements for behavior as set forth in this handbook. In addition to those due process protections afforded to all students, the Individuals with Disabilities Education Act and related regulations require that additional provisions be made for students who have been found eligible for special education services. Students who have been found eligible for special education services or who the school district knows or has reason to know might be eligible for such services. Students who have been found to have a disability that impacts upon a major life activity, as defined under §504 of the Rehabilitation Act, are, generally, also entitled to increase

procedural protections prior to imposing discipline that will result in the student's removal for more than 10 consecutive school days or where there is a pattern of short term removals exceeding 10 days in a given year. The following additional requirements apply to the discipline of students with disabilities.

- (1) The IEP for every student eligible for special education or related services must indicate whether the student can be expected to meet the regular discipline code of the school or whether the code should be modified to address the student's individual needs.
- (2) The Principal or designee will notify the Special Education Office if a student with a disability commits an offense that warrants suspension or removal from the program described in the student's IEP according to the discipline code, and a record shall be kept of such notice.
- (3) Students with disabilities may be excluded from their programs for up to ten (10) school days to the extent that such sanctions would be applied to all students. Before a student with a disability can be excluded from his/her program for more than ten (10) consecutive school days in a given school year or subjected to a removal constituting a change of placement, the student's disability and behavior determine the relationship between the student's disability and behavior (Manifestation Determination). In most instances, during disciplinary exclusions exceeding ten (10) school days in a single school year, the student shall have the right to receive services necessary to provide him/her with a free appropriate public education.
- (4) If the Team determines that the student's behavior was not related to the student's disability, the school may discipline the student in accordance with the procedures and penalties applicable to all students but must continue to provide services to those students with IEPs. Where appropriate, the Team may also develop a functional behavioral assessment plan or review an existing behavior intervention plan.
- (5) If the Team determines that the behavior was related to the student's disability, the student may not be subjected to further removal or exclusion from the student's current education program (except for conduct involving weapons or drugs) until the Team develops and the parent(s) consent to the new placement or unless the District obtains an order from a court or from the Bureau of Special Education Appeals (BSEA) authorizing a change in the student's placement.
- (6) If a student with a disability possesses or uses illegal drugs, solicits the sale of a controlled substance, possesses a weapon, or causes serious bodily injury to another on school grounds or at a school function, the school district may place the student in an interim alternative educational setting (IAES) for up to forty-five (45) school days. A BSEA Hearing Officer may also order the placement of a student who presents a substantial likelihood of injury to self or others in an appropriate interim setting for up to forty-five (45) school days.

MISCELLANEOUS PARENT/STUDENT NOTICES

Notification to Parents of Teacher Qualifications

The Federal *No Child Left Behind* Act of 2001 requires school districts that receive federal Title I funding to notify parents of their right to know the professional qualifications of the classroom teachers who instruct their child.

As a recipient of these funds, the Woburn Public Schools will provide you with this information in a timely manner if you request it. Specifically, you have the right to request the following information about each of your child's classroom teachers:

- Whether the teacher meets the state qualifications and licensing criteria for the grades and subjects he or she teaches.
- Whether the teacher is teaching under emergency or provisional status because of special circumstances.
- The teacher's college major, whether the teacher has any advanced degrees, and the field of discipline of the certification or degree.
- Whether the paraprofessionals provide services to your child and, if so, their qualifications.

The Woburn Public Schools is committed to providing quality instruction for all students and does so by employing the most qualified individuals to teach and support each student in the classroom. If you would like to receive any of the information listed above for your child's teacher, please contact the school Principal at **781-937-8230**.

Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

1. *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (DOE): political affiliations or beliefs of the student or student's parent; Mental or psychological problems of the student or student's family; sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of others with whom respondents have close family relationships; legally recognized privileged relationships, such as with lawyers, doctors, or ministers; religious practices, affiliations, or beliefs of the student or parents; or income, other than as required by law to determine program eligibility.
2. Receive notice and an opportunity to opt a student out of the following: any other protected information survey, regardless of funding; any non-emergency, invasive

physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

3. Inspect, upon request and before administration or use: protected information surveys of students; instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and instructional material used as part of the educational curriculum.

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law.

The Woburn Public Schools will/has develop[ed] and adopt[ed] policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will directly notify information for marketing, sales, or other distribution purposes. The District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys.

Specific activities and surveys covered under this requirement include: the collection, disclosure, or use of personal information for marketing, sales or other distribution; the administration of any protected information survey not funded in whole or in part by DOE; and any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:

Woburn Public School

THE USE OF COMPUTERS, THE INTERNET AND ELECTRONIC MAIL PERMISSION FORM

The Woburn Public schools is pleased to offer students access to a computer network. To gain access to the Internet, all students must obtain parental permission as verified by the signatures on the form below. Should a parent prefer that a student not have Internet access, use of the computers is still possible for more traditional purposes such as word processing, education software and presentations.

What is possible?

Access to the Internet will enable students to explore thousands of libraries, databases, museums, and other repositories of information. Families should be aware that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive. While the purposes of the school are to use Internet resources for constructive educational goals and we do provide filtering of inappropriate sites, students may find ways to access other materials. We believe that the benefits to students from access to the Internet in the form of information resources and opportunities for collaboration exceed the disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Therefore, we support and respect each family's right to decide whether or not to apply for access.

What is expected?

Students are responsible for appropriate behavior on the school's computer network just as they are in a classroom or on a school playground. Communications on the network are often public in nature. General school rules for behavior and communications apply. It is expected that users will comply with district standards and the specific rules set forth below. The use of the network is a privilege, not a right, and may be revoked if abused. The user is personally responsible for his/her actions in accessing and utilizing the school's computer resources. The students are advised never to access, keep, or send anything that they would not want their parents or teachers to see.

What are the rules?

Privacy – Network storage areas may be treated like school lockers. Network administrators may review communications to maintain system integrity and will insure that students are using the system responsibly.

Illegal copying – Students should never download or install any commercial software, shareware, or freeware onto drives or disks. Nor should students copy other people's work or intrude into other people's files.

Inappropriate materials or language – No profane, abusive or impolite language should be used to communicate nor should materials be accessed which are not in line with the rules of school behavior. A good rule to follow is never view, send, or access materials which you would not want your teachers and parents to see. Should students encounter such material by accident, they should report it to their teacher immediately.

E-Mail (Electronic Mail) – The school does not allow students to access e-mail on its network or any school computer nor does it encourage the creation of free e-mail accounts.

.....

Advice:

These are the guidelines to follow to prevent the loss of network privileges at School.

1. A computer should not be used to harm other people or their work.
2. Do not damage the computer or the network in any way.
3. Do not interfere with the operation of the network by installing illegal software, shareware, or freeware.
4. Do not violate copyright laws.
5. Do not view, send, or display offensive messages or pictures.
6. Do not share your password with another person.
7. Do not waste limited resources such as disk space or printing capacity.
8. Do not trespass in others' folders, work, or files.
9. Do notify an adult immediately, if by accident, you encounter materials which violate appropriate use.
10. BE PREPARED to be held accountable for your actions and for the loss of privileges if the Rules of Appropriate Use are violated.

PARENT PERMISSION FORM and USER AGREEMENT –

As a parent or guardian of a student at the Kennedy School, I have read the above information about the appropriate use of computers at the school and I understand this agreement will be kept on file at the school. (Questions should be directed to the principal for clarification.)

My child may use the Internet while at school according to the rule outlined. _____

I would prefer that my child not use the Internet while at school. _____

I understand the electronic mail and creation of electronic mail accounts are not permissible. _____
