## **SUPPLIES NEEDED FOR TEAM 7-1**

### **ORGANIZATION IS THE KEY TO SUCCESS!**

Please purchase:

- 6 Single subject notebooks
- 5 folders (suggestion: It may be helpful to color code your notebooks and folders)
- Combination lock
- Graphing notebook
- Scientific Calculator
- Two 1” Binders
- Filler Paper
- Dividers
- Pens, pencils, high-lighters
- Coloring utensils – markers, colored pencils
- 3X5 Index cards (3 pkg. of 100, unless you would like to donate some to Ms. Brodeur’s class, in which case, more!)
- Two boxes of tissue
- 3 Triple A (AAA) batteries

### **Suggestions:**

Purchase extra notebooks, folders, pens, pencils, and highlighters at the beginning of the year. This will enable your student to be prepared at all times.

Purchase a plastic index card box. They are available at staples for \$.99 and will help your student with his/her organizational skills.

We have found that large binders (aka Trapper Keepers) are not necessary or helpful. They are cumbersome and add unnecessary weight to the student’s backpack.
