

① This is the starting position.

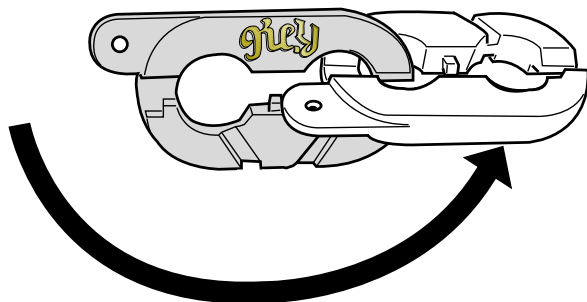

② Slide the silver ring to the left.

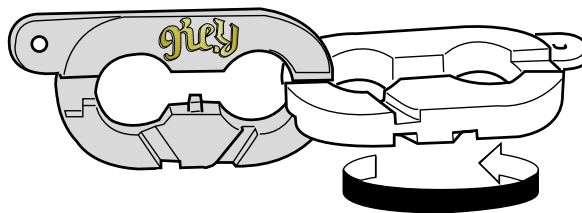

③ Turn the silver ring 180° down to the right, as in the diagram.

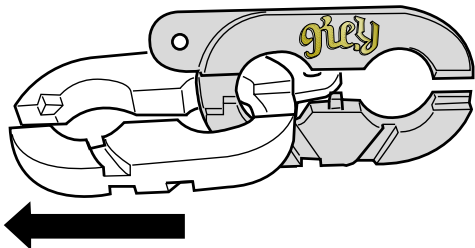

④ This brings them into the position in the figure below.

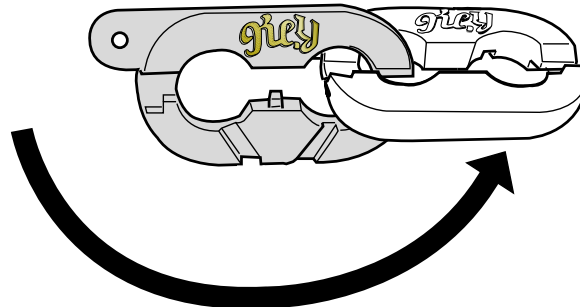

⑤ In this position, rotate the silver ring 180° counter-clockwise, producing the position below.

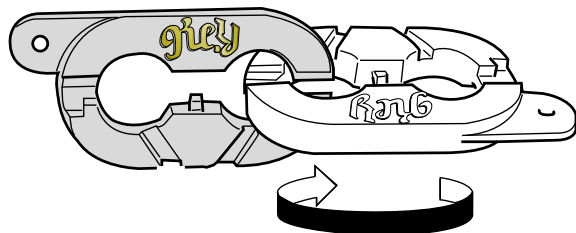

⑥ Slide the silver ring as is to the left.

⑦ Turn the silver ring 180° down to the right.

⑧ In this position, rotate the silver ring 180° counter-clockwise, producing the position below.

⑨ Then pull the silver ring to the right to separate them.
