## Reviewing your Official Personal File

As many of you may know, your Official Postal File is now available for viewing on the LiteBlue Postal web site. The Internet Address is <http://liteblue.usps.gov> and requires your Employee ID number and your PIN number for access.

Everything found in your personal files was scanned by Human Resources and converted to the PDF file format that requires the Acrobat Reader for viewing on a computer. The Acrobat Reader is a free download at [www.adobe.com](http://www.adobe.com) and enables you to save documents on your computer for later reference.

It has come to the attention of the Mail Handlers Union that documents related to another employee have been mistakenly placed into someone else's online OPF. This is a privacy concern that could affect everyone. The Union advises that you review your OPF online and report any irregularities to Human Resources 1-877-477-3273.
