#### USPS, union leaders to meet to decide how to proceed

The Postal Service has been notified that the National Rural Letter Carriers' Association (NRLCA) membership rejected the tentative contract agreement that the Postal Service and NRLCA leadership reached Dec. 8, 2006. The parties will now meet to decide how to proceed.

The NRLCA represents approximately 66,000 career employees and 52,000 non-career employees who deliver mail to residences and businesses on rural delivery routes.

Mail Handlers and Rural Carriers were the only two bargaining unit groups that had a significant increase for 2006

Clerks down by 8,354 (211,991), City Carriers 2,399(224,218), Mail Handlers increased by 1,376 (57,261) and Rural Carriers 1,996 (66,977). Casuals increased by 3219 (17206). The Postal Inspection Service is down by 687 (2837) and The Office of Inspector General increased it staff by 272 (1132). Total workforce complement was down 7,921 –compared to 3704 at the end of 2005.

**TAX DEADLINE EXTENDED TO APRIL 17.** *Associated Press* and other media report that taxpayers will get an extra two days, until April 17, to file 2006 returns and pay taxes owed. The Internal Revenue Service announced the two-day reprieve because April 15, the usual tax day, falls on a Sunday this year and April 16 is Emancipation Day, a legal holiday in the District of Columbia. Holidays observed in the nation's capital have an impact nationwide, the article said.
