

## Recall Petition Guide

1. Recall of the President is entirely member driven and SEIU staff cannot provide support and cannot provide Union resources. Please direct questions to members who are circulating the petition.
2. Only SEIU 503 members may sign the petition. Membership forms are available for anyone who knows they are not a member or are unsure. They must complete a membership application before they sign the petition.
3. Please have members include their home address on the petition as it will be needed to assist in validating their membership.
4. Do not hang on to the petitions for a long time. Return the signed petitions in the envelope provided. It is okay to not completely fill up both sides before you send a petition back. Keep track of how many signatures you have gathered by making copies of the petitions you are sending in, and please continue to mail petition signatures in every week until you are done.
5. This is the first phase of the recall process. It is important that members are educated about the issues. When there are signatures from 20% of the membership there will be an election. Members will have to return their completed ballot in order for the recall to succeed.

Please contact Catherine Stearns if you have any other questions or want more information. Her cell phone number is 541-829-3700.

Thank you for helping to save our Union!
