Norwich, VT 05055-0376

Phone: 802-649-1133

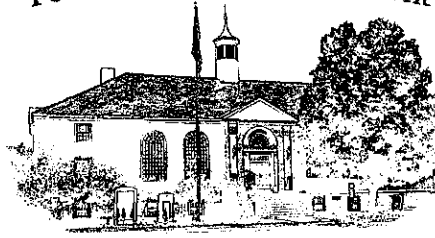

Emergency: Dial 911

Chief: Neil R. Fulton

MEMORANDUM TO: STEPHEN SOARES
FROM: NEIL FULTON *NF*
SUBJECT: SUPPLEMENTAL FIRE DEPARTMENT BUDGET
INFORMATION
DATE: OCTOBER 12, 2007

The driveway to the fire station from Main Street and the parking area that is shared with the Grange is in bad condition. I asked Andy to give me an estimate to repair or reconstruct. His estimate is attached.

Town of Norwich, Vermont

CHARTERED 1761

To: Neil Fulton, Acting Fire Chief
From: Andy Hodgdon, Public Works Director
Subject: Fire Station Parking Lot
Date: June 24, 2007

I have taken a transit and run some grades on the Fire Station driveway and parking lot. It will be impossible to overlay the existing parking lot as the water will run into the overhead doors. The following is my proposal:

*Please note: I have upped the paving thickness to better withstand the weight of modern fire equipment. This should be longer lasting.

- Norwich Public Works Department will remove existing pavement and provide additional gravel materials necessary.
- Norwich Public Works Department will sweep areas of old pavement to be resurfaced.
- Paving company will fine grade and compact gravel areas to be paved.
- Paving company will pave 2" depth of Type II asphalt base course over prepared gravel areas-approx. 536 sy.
- Paving company will pave 1 ¼" depth of Type III asphalt wearing course to base course and resurface areas of Fire Station yard-approx. 638 sy.
- Paving company will pave 1 ¼" overaly of Type IV asphalt wearing course to driveway by Fire Station approx. 108 sy.

Total Cost: \$9,970.00

If you have any questions about this work, please let me know.
