Why you should use Private Ground Transportation

Ground Transportation is one of the best bargains you will encounter while on your vacation to the Palladium Resorts

~ Most packages include the transportation to your hotel, but there is no way of knowing in advance if you will get a private van or a big tour bus to go. If it's a large bus it will take them up to 1 hour or more just to fill up the bus and get ready to leave the airport. Further, depending on where your hotel is located, you could be in the van or bus for up to 2 or 3 hours waiting to arrive at your hotel.~

With AGI Tours, you will be at the hotel enjoying a 'cocoloco' or a 'piña colada' long before the tour buses even leave the airport

With AGI Tours your ride to your hotel will be 50 to 60 minutes only

· AGI Tours qualified and friendly staff will meet and greet you at the airport and drive you safely and non stop to your hotel

~~~~~

· Caution: There are certain Internet ground transportation providers that sell ground transportation who do not inform you that the transportation they offer is not private. If you see a charge per person (not per vehicle as with AGI Tours) you are dealing with transportation that is a typical airport shuttle with other passengers.

Returning to the Airport

· Wholesalers will pick you up 4 to 5 hours before your flight schedule, specially taking into consideration that your hotel is far from the airport. You can be sure that the bus will stop at several hotels before getting there. With AGI Tours you will be picked up at any time you choose to go back to the airport and we will go directly to the airport.

· We are your best option not only for your arrival and departure transfers, but also for your private tours to the Mayan Ruins, Ecological sites, shopping, etc. AGI Tours will customize your services at your leisure.

Looking forward to receiving your reservations.

Thank you,

Javier,
