

PT CRUISER - WOLF CRUISE

Have a howlin' good day!

Saturday September 26, 2009

Learn about and meet wolves at Wolf Haven International, Tenino, WA and have lunch at the amazing Great Wolf Lodge in nearby Grand Mount, WA.

Wolves are one of the most misunderstood and hated critters. Yet their behavior is uncannily like human families. Wolves actually pose very little threat to humans or to cattle. Come find out more about these noble, intelligent animals that have recently returned in the wild to Washington.

Take a one-hour educational tour to meet wolves in sanctuary and visit the gift shop at Wolf Haven.

Visit www.wolfhaven.org for more information.

Then cruise further south to the Great Wolf Lodge at Grand Mount for lunch. Visit www.greatwolf.com for more details.
