

## Honors Theology II – Additional Preparation Questions for Revelation

1. How should the Greek *hexakósioi hexēkonta hex* be translated? How is that different from *hex hex hex*?
2. If one transliterates the Greek name *Kaisar Nerōn* into Hebrew, then adds the numeric value of those letters in Hebrew, the sum is \_\_\_\_\_.
3. The effort to discover or encode special meanings into words through the numeric value of the letters of the words is called \_\_\_\_\_.
4. The number of the beast most clearly refers to which Roman emperor?
5. Which emperor accused Christians of arson and had them impaled and burned in the city of Rome in 64 CE?
6. Revelation 9.21 reflects an expanded Decalogue, with \_\_\_\_\_ and \_\_\_\_\_ being thematically linked by the term *pharmaka*.
7. As explained in class, what is the most likely meaning of the word *pharmaka* in the context of Rev. 9.21? Why?
8. What has been the practical effect of the warning in Rev. 22.18-19?
9. What is intertextuality? How is this term relevant to Revelation?
