

Children's Message

1. The story will be provided ahead of time by Ann White
2. Read the Gospel lesson for the coming Sunday to familiarize yourself with the Word.
3. Practice the message several times so it is not read word for word.
4. After the Gospel lesson has been read, invite the children from the congregation as well as the children from the nursery to join you up front, on the floor in front of the altar.
5. Use the message as a guide. Add your own faith and inspiration.
6. Encourage active participation as well as conversation with the children.
7. Keep the message between 2-5 minutes in length.
8. Please end the message with a short prayer.
9. Thanks the children for coming up. Help the nursery children return if necessary. You may then return to the congregation.
