

## Norwin Alliance Church – Building Program Feedback Form

The purpose of this form is to solicit input from the congregation concerning the direction of our building program. Your input is very important and will provide guidance to the Building Committee. All of our church family (6<sup>th</sup> grade and older) are encouraged to fill out a separate form. Please complete the form by Sunday, June 29 and return it to the church office, Tom Mowrer, or Roy Koch.

I. How important do you think it is for us to build an addition that includes a multi-purpose room, new kitchen, classrooms, etc.? Please check one.

Urgent \_\_\_ Very Important \_\_\_ Important \_\_\_ Not Important \_\_\_ A mistake \_\_\_

II. It is very important to look ahead and determine the programs that are needed in the church and then design the new facility accordingly. For example, at Mars Alliance Church new programs (such as youth basketball leagues, large (~500 people) dinners, a special youth canteen, etc.) were enabled by their new facility. What new ministries and activities do you want our church to have? Please be specific and use additional paper if needed:

III. For this set of questions please score each statement from 0 (lowest) to 5 (highest) by circling the number in the column on the right. Choose a high number if you agree with the statement.

Statement	Your Opinion					
1. I think the new facility should be designed with athletic events (basketball, volleyball, etc.) being a top priority.	0	1	2	3	4	5
2. I would rather a large (but expensive) kitchen so that even the biggest dinners can be accommodated. A small kitchen that would result in many dinners being catered is unacceptable.	0	1	2	3	4	5
3. It is important to have seating areas for spectators to watch games in the facility.	0	1	2	3	4	5
4. A small, elegant dining area is a must.	0	1	2	3	4	5
5. The new facility should have rooms just for youth – they would be able to decorate the room as they please.	0	1	2	3	4	5
6. Locker rooms and showers are needed for the new facility.	0	1	2	3	4	5
7. The multi-purpose room should have a stage.	0	1	2	3	4	5
8. The new facility should be open to the Norwin community. It is OK to allow outside groups to use it.	0	1	2	3	4	5

IV. The following list presents 16 features that the new facility may have. Please rank these in importance with 1 being the most important and 16 being the least important. Add other features to the list and rank them if you want.

- |                  |     |                 |     |
