

Canine Code of Conduct

As dog owners, we must respect everyone who shares our park.

By keeping the park clean and safe, you can help promote responsibility and happiness for ourselves and our dogs.

- Enter this park prepared to pick up after your dog. This includes waste left by your dog on sidewalks, streets, and your neighbors' yards on the way to and from the park.
- Know your dog and have him under control at all times.
- Be advised that both vaccines and licenses must be up-to-date each year.
- Respect restricted play areas such as ball fields, courts, and playgrounds.
- Be aware of others around you. Take notice if space is needed by other park patrons to walk around you and your dog.
