Pinta Acoustic, Inc. (formerly Illbruck Acoustic Inc.) is a manufacturer of acoustical and architectural wall and ceiling panels. They work with a variety of materials including melamine foam, which is Class A fire rated, wood and metal. Their best known product is SONEX, which is a sound absorption panel with a unique surface pattern that has been manufactured by Pinta Acoustic, Inc. for 30 years. SONEX and many of their acoustical products are used in a variety of applications such as schools, gymnasiums, restaurants, museums, and industrial facilities.

Note: UMCASA is seeking a vice president for 2008-2009. Please email Ryan Sieler if interested.
