Desk Project for Mrs.
Coleman's 2nd Grade
Class

Duniway Foundation
Auction 2004

Right side of desk

Left side of desk

Each child made one black & white drawing of his or her favorite animal. The desk was built by another parent. Christine transferred the children's artwork onto the white desk and spent a week guiding the kids in painting their animals and patterns. When they were finished, Christine added a black outline. The desk sold for \$425.
