Painting a self portrait “in action” - doing something you love to do!

Creating musical paintings on recycled records.

Having taught art classes at Kelly SUN School since January 2005, Christine was thrilled to have her portfolio approved by RACC for a visual arts residency in Kelly’s Summer Art Camp. Classes included studies of Picasso and Miro for the K-1st graders, a fun self portrait for the 2nd-3rd graders, and musically-themed paintings on recycled vinyl records for the 4th and 5th graders.
