

We ~~are~~ **desperate**; **we** are very bad **skiers** and **need some help badly**. We **are** so **bad** we were forced to **do** what we have **done**. We **DON'T** like **being** mean to **WOODY**. We are not **terrorist**, just bad skiers in **NEED** of ski **lessons**. If you have seen **US** ski, that's **TERRORISM**. We mean it. If **you** do not give us ski **lessons**, **Woody** gets it!
