

Campout  
March 26-27, 2009

Location TBD, if snow levels are low enough I'd like to camp in an area called Wildcat Mountain, Southeast of Sandy. If this location isn't accessible we'll camp along the Clackamas river east of Estacada. Either location will be rural, no facilities will be available.

Boys should bring their usual camping gear, gear should include wet weather gear and extra wet weather clothing. The troop will not be providing meals, but we will share dinner together. We'll plan the meal and make assignments for each boy to bring one or two items to share for dinner.

A generous donation of shotgun shells and clay pigeons has been made to the troop and boys will have an opportunity to do some shotgun shooting Saturday morning. Proper instruction and safety will be reviewed before anybody is allowed to handle a loaded firearm, safety gear including hearing protection and safety glasses will be provided.

Boys should meet at the chapel at 5:00 Friday afternoon, we'll leave by 5:15 and return Saturday afternoon before 2:00.
