

WEEKEND CAMPING EQUIPMENT LIST

IMPORTANT NOTES: You will NOT take every item on this list on each camping trip. For example, you may not even own a candle lantern or a reflector oven; and you won't need fishing equipment if there's no water nearby. Use this list as a guide and a reminder. Take only what you will need. Consider the length of the trip, possible weather, and what you will do on the trip.
Be Prepared.

WINTER TRIPS: Use this list AND the Troop 72 Winter Camping Equipment List.
SUMMER CAMP: Use the special summer camp equipment list in your summer camp manual.
