

TWIN CITY ANCIENT COIN CLUB

Nov '84

The Twin City Ancient Coin Club will meet on the fifth Thursday this month instead of the usual fourth one because of Thanksgiving. Come at 7:30 PM on November 29th to the Immanuel Lutheran Church Lounge, Goodrich & Snelling, St. Paul.

Thank you, Bob, for leading a lively discussion on the religious vein of ancient times. It is amazing the variety of discussions we encounter relating to ancient times.

December is reserved for our social time together. We will meet at 6:30 PM at the City Women's Club, 410 Groveland, Minneapolis. Myrtle Coe and Maline Broburg have graciously arranged for us to enjoy dinner together as a group. They need to know exactly how many of us will be attending. If you have not given them your reservation, call one of them immediately.

You may make your party reservation November 29th at the meeting. Beyond that date, call Myrtle Coe at 941-1467 or Maline Broburg at 429-5839. I would imagine they have to know by December 7th or sooner. If you do not check in with any of the alternatives, we will assume you are unable to attend. **THE PARTY WILL BE HELD DECEMBER 15TH, SATURDAY NIGHT.**

For our discussion this time we enlist your participation. Be prepared to tell us about the best bargain you ever came up with in purchasing an ancient coin. The second category is the ancient coin that it took you the longest time to research - - trials encountered and solutions to the problem. Also, have you, out of curiosity, bought an ancient coin to research after the fact? Once you researched the coin, did you find yourself intrigued about that whole era and decide to collect coins of an era or location that you had not thought of? Did any of the preceding turn out to be the purchase of a rare coin? If at all possible, bring examples of coins pertinent to the discussion.
