

# TWIN CITY ANCIENT COIN CLUB

The Twin City Ancient Coin Club will meet on Thursday, January 24, 1985 in the Immanuel Lutheran Church Lounge, Goodrich & Snelling, St. Paul, at 7:30 PM.

It is unbelievable that the new year is marching on. Now we know what it feels like to miss several meetings in a row. Our club has strength in numbers. When members are unable to attend, they miss out, but the club is strong.

For a refreshing change of pace, make every effort to come to our meeting. Tom Beniak, our Vice President, being a world traveler, will be telling us some of his experiences in . . . EGYPT! Perhaps we can tie in the history we glean from books with Tom's "history comes alive" approach to that old, old civilization in Egypt. We are eager to be in our this discussion. Bring some Egyptian coins to add to the fun.

The evening of the party was not the best for weather with all the rain and the fear it may turn to ice. First, I apologize for stating an inadequate address in the letter. Somehow, over the telephone, I must have misunderstood. Also, we hope Mrs. Alvarez is recovering o.k. from the fall on the ice that broke her leg. The evening sounded enjoyable for those of you who attended. Come to find out Dec. 15th is the most popular time for a holiday party. Please, could we plan for between the holidays, or at least not on a prime Saturday right before Christmas?
