See note on Austin Powell's wife Elender (Eleanor) 1850. If this is her father, why were the younger Powells in her household in 1850? Because Wm C's first wife Martha died abt 1847, he got a new wife Martha and the older children went to stay with sister Elender? Are William R and John C also sons of William C? John Powell, 28, married to Samantha, was adjacent Wm C Powell in 1860. What about Jacob and James E - sons of Wm C also??
